

## WASHINGTON IS SURPRISED OVER JAPANESE ATTACK

State Department Says There Was No Intimation of Such Intention.

## MAY HAVE FEARED UPRISING OF VLADIVOSTOK RADICALS

Japs Must Control Seaport To Protect Base of Army In Siberia.

Washington, April 6.—The Japanese attack on Vladivostok which gave them control of the city resulted from "threatened and aggressive acts of a portion of the Russian army," according to an official dispatch from the Japanese war department received today by Major General Katsumura Inoue, the Japanese military attaché here.

The dispatch said the Japanese commander after disarming the Russians issued a proclamation that his action had no motive other than to maintain order. It was stated that the Russian authorities were "now being negotiated with in an endeavor to arrive at a harmonious future policy."

The dispatch said that the battle between Japanese and Russian army at Nikolai and Khabarovsk was continuing. This battle was said to have been forced by "the sudden aggressive action of the Russian army."

Washington, April 6.—The sudden attack by the Japanese which gave them complete control of Vladivostok came as a complete surprise here. At the state department it was stated there had been no intimation that the Japanese planned an assault on the city which was evicted by the last of the American expeditionary force less than a week ago.

No official report of the attack had been received today. Government officials said the Japanese move might have been caused by a threatened radical uprising which would have endangered the Japanese base at the Siberian port through which its army in Siberia is supplied.

The Japanese embassy also was without official information as to the attack but it was stated that the Japanese move was in line with the Japanese policy to facilitate the evacuation of the Czechoslovak troops from Siberia.

Control of the Siberian port, it was stated, was necessary for the protection of the railroad over which the Czechoslovaks are being moved to the sea for transportation home. Two revolutions have occurred in Vladivostok recently, the last following the overthrow of the Kolchak government.

## BODY OF DE KAY GIRL IS FOUND IN LAKE

Chicago, April 6.—The body of Jeanne Anna DeKay, 20 years old, protegee of Miss Jane Addams, whose disappearance from Hull House on December 30 was followed by national search, was found yesterday in Lake Michigan, near the municipal pier.

Mrs. Gertrude Howe Britton of Hull House identified the body. Except for a coat and hat, which were missing, the clothing on the body was the same as Miss DeKay wore when she disappeared. A scar on the left temple and smallpox marks under the eyes assisted in the identification.

Mrs. Britton said she was convinced the girl had committed suicide. No evidence was found on the body to suggest Hoffman said the body had been in the water three months.

Miss DeKay was the daughter of John Wesley DeKay, wealthy packer, now residing in Switzerland. She was sent to Chicago by her father soon after her graduation from a London boarding school. She arrived at Hull House last December to assist in work among the poor under Miss Jane Addams' direction.

"She was a dependent white at Hull House," Mrs. Britton said, "and grieved over the poor marks on her face."

## SPRINGFIELD HAS ROW OVER CITY OFFICIALS

Springfield, April 6.—An aftermath of the impeachment proceedings heard in the state court two weeks ago when an effort was made to unseat City Commissioner J. D. Frock on malfeasance charges, was heard at the meeting of the city council last night when the People's Municipal League presented a formal request for Mayor H. J. Westcott and August Beaupin to resign.

Messrs. Westcott and Beaupin were among those who signed the complaint against Mr. Frock. Mr. Frock was acquitted at the court hearing.

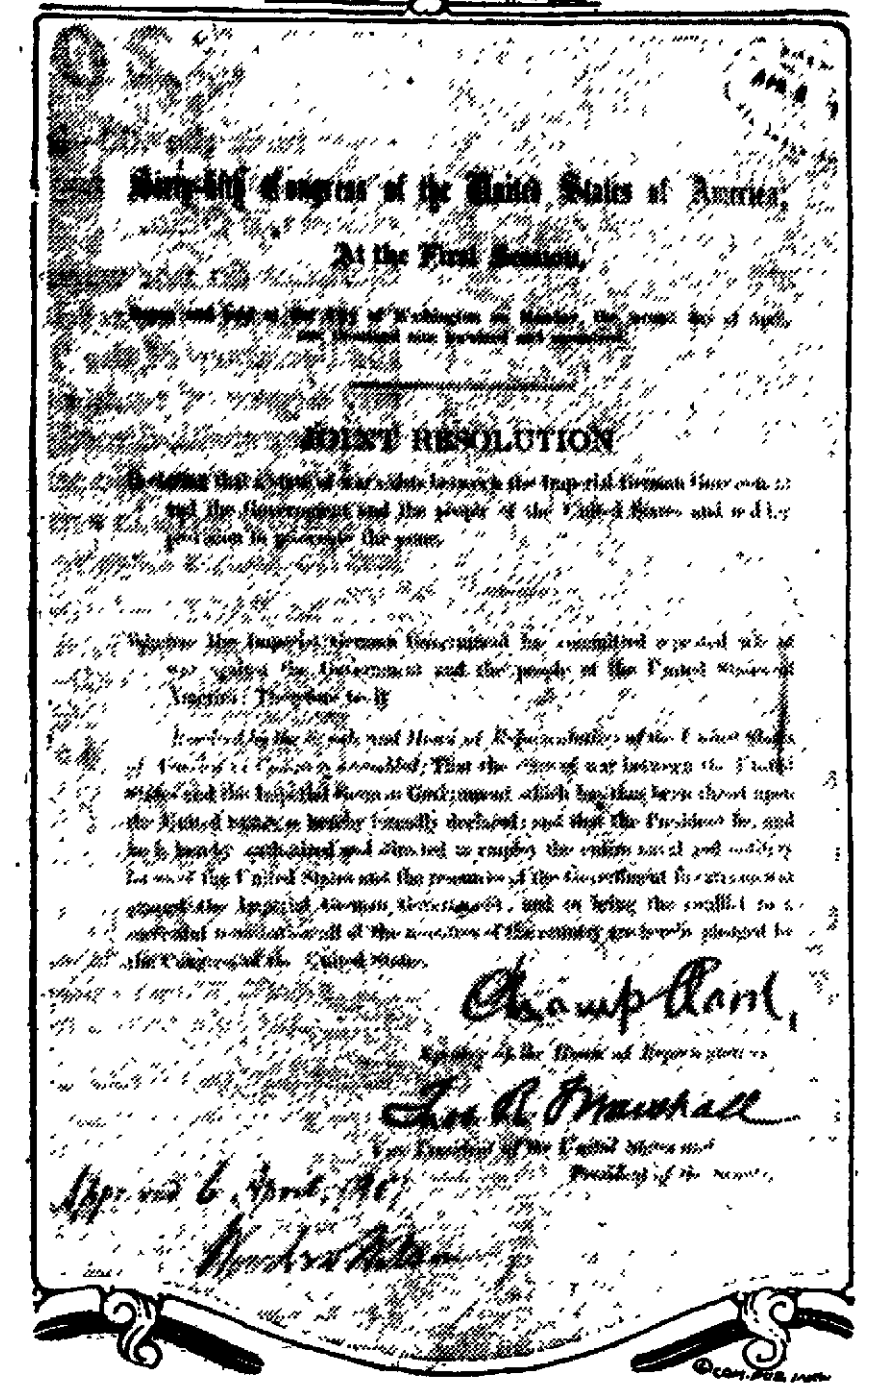

The two men refused to resign and the municipal league officials threatened to resort to the recall provision of the city charter in an attempt to unseat them.

## FEDERAL JURY STARTS DRAFT EVASION PROBE

Cincinnati, April 6.—The federal judge in the southern district of Ohio was impeached today and within an hour began investigation of alleged cases of evasion of the military draft. Secret service men have been instructed to scan the records of the various draft boards in an effort to find cases justifying inquiry by the jury.

Springfield, April 6.—Arguments for and against the appointment of a box in the commission were heard by the city commission last night following the presentation of a petition asking that a commission be appointed here. No action was taken, the matter going over to the next meeting.

## U. S. GOVERNMENT DECLARED WAR ON GERMANY THREE YEARS AGO TODAY

Three years ago today America cast its lot with the allies in the world war against Germany and her pawns. The joint resolution, declaring war, was passed by the house of representatives and the senate April 6, 1917. A facsimile of the resolution is shown above, bearing the signatures of Champ Clark, speaker of the house; the signature of Vice President Marshall, president of the senate; and that of President Wilson.

## SERVICE TO COMMUNITY MARKS A MAN AS GOOD CITIZEN, SPEAKER SAYS

Colvin B. Brown, of National Chamber of Commerce, Given Big Ovation at Conclusion of Fine Address—Declares Men Working for Community Are Rendering Unselfish Service.

"No matter how much character a man may have no matter how clean he may be in his business and private relations, no matter how good a man he is, he is not a good citizen unless he does something for the good of the community in which he lives," declared Colvin B. Brown, of the National Chamber of Commerce, Washington, D. C., in an address Monday night at the "hop-off" dinner given by the Newark Chamber of Commerce in the Masonic Temple.

Mr. Brown in his address declared that the chamber of commerce is the organization through which the people can express their views on community welfare. He said that the men who devote their ability and time to work of such organizations are rendering unselfish public service.

No speaker at any function in Newark has been accorded an ovation any thing like that given Mr. Brown. His address was filled with information which should make any American proud of his country. He contrasted business and industrial methods in this country with those in Europe and showed why this nation has made such rapid strides in wealth and industry. He declared that business methods used here made it possible for American manufacturers to pay the highest prices for labor and yet compete with the foreign manufacturers.

The dinner was attended by more than 400 Newark men and women. C. H. Davis, chairman of the membership committee, presided at the meeting and told of the plans for the intensive campaign which opened Tuesday morning. Workers on the various teams received their final instructions and their blanks and lists of names they were told to assemble at 2 o'clock Tuesday morning at the Chamber of Commerce rooms to begin the drive for new members.

Mr. Brown said in part: "There are certain essential elements in the building and conduct of a successful Chamber of Commerce. The first of these is a strong understanding of the position it occupies in the community life. Those whose support is solicited are entitled to know that it is not organized and conducted in the interest of a group of individuals, but that the yard stick by which all of its activities are to be measured is the yard stick of community good.

"The second essential is a short, definite, practical program of activities. The people are not only entitled to know what the Chamber of Commerce is but also what it purposes doing for the community.

"The third essential is the selection of committees with a view to their qualifications for carrying on the work entrusted to them.

"The fourth essential is a budget based upon the work to be done, the revenue for which is obtained from dues paying members.

"Where the public has a right conception of the functions of a Chamber of Commerce, is in agreement with its program of activities and has confidence in the official personnel there is little difficulty in obtaining the money necessary for carrying on the work.

"No matter how much character a man may have, no matter how clean he may be in his business and private relations, no matter how good a man may be, he is not a good citizen unless he does something for the good of the community in which he lives.

## FRENCH TROOPS MOVE FURTHER INTO GERMANY

Frankfort Darmstadt and Other Towns Occupied Tuesday Morning.

## SIX TOWNS ARE DECLARED TO BE UNDER STATE OF SIEGE

Occupying Troops Issue Rules Governing Conduct of Population.

Paris, April 6.—Up to noon today the French government had not received a reply from Great Britain and Italy to its notification to them of the occupation of Frankfort, Darmstadt and other German cities in the Rhineland.

Mayence, April 6.—French troops entered Frankfort at 5 o'clock this morning finding only a small German force, left there to afford police protection for the people. The occupation of the city was a mere military march and was not attended by any fighting.

Darmstadt was entered shortly afterward by French forces. The German government garrison of that city had left at midnight to avoid contact with the French and this morning was six miles east of the city.

The proclamation issued a proclamation to cities and towns within the area to be occupied, declaring French troops have crossed the Rhine to compel the Berlin government to respect its agreement with the allies and asserting there is no hostile intent toward the people of that region.

The proclamation says the French troops will withdraw as soon as German government forces have evacuated the neutral zone and declares no one will use the telephone and telegraph of French as long as order is maintained. The proclamation makes the following provisions for public order:

Frankfort, Darmstadt, Offenbach, Höchst, Koenigsstein and Biebrich as well as all towns and districts within the circle of Gross Geran, Lang Schwalbach and Wiesbaden, with the exception of Biebrich, are declared under a state of siege.

German authorities and public services will continue to function under French military officials and strikes will not be tolerated.

People are temporarily forbidden to circulate in the various communities from 5 o'clock at night until 5 o'clock in the morning.

More than five persons must not collect in streets or in private or public meetings without authorization.

Newspapers are temporarily suspended and permission must be given to use the telephone and telegraph. Postal censorship is temporarily established, wireless installations must be dismantled and the use of carrier pigeons is forbidden.

All arms and grenades must be deposited in city halls within six hours after the posting of the proclamation, but regular police will be allowed to retain sabers and revolvers. Safety guards must disarm.

Any infraction of these rules will result in court action and extreme penalties.

The general commanding the army of the Rhine, the proclamation concludes, "counts on the public powers and the population to understand the necessity for the above measures and hopes repression will not be necessary."

## NO DISORDER MARKS MOVEMENT OF TROOPS

Frankfort, April 6.—Frankfort was occupied without incident by French troops early today and with the cavalry in the lead, followed by the infantry and the artillery, the occupying forces pressed rapidly beyond the city. They met with no opposition. By 10 o'clock in the morning the cavalry had reached Eckenheim, three miles north of Frankfort. The entire operation was expected to be completed during the day.

The occupation takes the form of an extension of the French lines around the bridgehead of Mayence, a distance of about 15 miles from a semi-circle similar to but larger than that of the original zone of occupation. The only German troops encountered in Frankfort by the French were Sicherheitswehr, or security troops, who were released.

The French occupying force is estimated to number from 15,000 to 18,000 men. It is composed largely of cavalry with detachments of infantry, French occupation of the various centers and artillery merely as a precautionary measure. The neutral zone occupied presents no interest whatever from the point of view of military strategy and hence the forcible occupation.

## ITALIANS APPROVE ACTION OF FRENCH

Rome, April 6.—Dopo Romano says today that at a cabinet meeting Monday the government decided to extend to France Italy's moral support in the French occupation of Frankfort and other German cities. The cabinet agreed, however, that under no circumstances would Italy be a party to any military measures against Germany, the newspaper states.

## FRENCH PRESS APPROVES FOCH'S MILITARY MOVE

Paris, April 6.—French soldiers to occupy the German cities of Frankfort, Mainz and Darmstadt, 16 miles south. Forces commanded by General De Goutte, which have been holding (Continued on Page 2, Col. 2)

## JOHNSON LEADING GENERAL WOOD IN MICHIGAN PRIMARY

California Senator Has 44,000 Majority With Half of Vote Tabulated.

## HOOVER'S NAME APPEARED ON BOTH PARTY TICKETS

He Leads Edwards and McAdoo—Democratic Vote Was Very Light.

Detroit, Mich., April 6.—With approximately one-half the precincts voting in yesterday's presidential preference primary tabulated this morning United States Senator Hiram W. Johnson held a lead of 44,657 votes over Major General Leonard Wood for the Republican endorsement. The figures from 1200 precincts gave Johnson 106,556; Wood, 61,899.

Included in the figures was the complete vote of Detroit, practically complete from Grand Rapids and more than half the precincts in other industrial centers of the state. Johnson was running behind in the state outside of Detroit. The complete Detroit vote, however, gave him 69,004 against 16,143 for Wood.

Returning from the northern peninsula, where the Wood campaign managers claimed as one of their strongholds, were slow in arriving. Figures from 125 of the 257 precincts in that peninsula, however, showed Wood, 10,742; Johnson, 8,011.

Herbert Hoover, whose name appeared on both ballots was leading the Democratic ticket with 11,469, against 10,250 for Governor Edward I. Edwards of New Jersey. William G. McAdoo had 9,258 and William J. Bryan 7,267.

The Democratic vote seemingly was much lighter than had been anticipated. Reports from the western part of the state were that returns in the rural districts might not become available for 48 hours owing to disrupted wire communications and impassable roads caused by Sunday's snow storm.

## GRAND JURY INDICTS FOUR

Short Session Is Held, Bills Being Found in Seven of Eight Cases Investigated.

Four persons were indicted by the April grand jury which made its report Tuesday at noon, after being in session since Monday morning. One indictment was not made public.

Lawrence B. Whyde was indicted on charges of conspiracy in connection with the theft of a large number of pay checks from the American Bottle company last February.

Clarence Johnson was indicted on two counts for burglary and Samuel Eugene Sloan was indicted for embezzlement.

The jurors report that they have been in session two days and examined into eight cases and returned seven bills. Twenty witnesses were examined. They visited the city jail and reported that they find the rules prescribed by the court and the statutes have all been faithfully kept and observed by the sheriff.

## CITY MAY ISSUE SHORT TERM NOTES TO PAY POLICEMEN AND FIREMEN

Finance Committee and City Solicitor Instructed to Meet At Once and Discuss Plan—Ordinance Passed Requiring Autos to Stop While Street Car Is Taking On or Discharging Passengers.

The finance committee of the city council and the city solicitor were directed last night at council meeting to meet as soon as possible and pass on the advisability of issuing short term notes to avoid lawsuits expected to be filed by firemen and police this week.

The firemen and police have not received their salaries for last month and there is no money in the service fund with which to pay them. The deficiency bond issue of \$45,000 will be brought before the voters at the April primaries and all of the members of the council expressed the desire to see this issue pass as it is the only way to relieve the city of a heavy burden.

An ordinance to regulate vehicles of all kinds was passed under suspension of rules. The measure provides that the driver of a vehicle, including bicycles, motorcycles and vehicles must come to a complete stop upon approaching a city of intersection car that is either taking on or discharging passengers, further that the driver must wait until the car starts before he can proceed.

A report of the budget for the city for 1921 was read by Clerk Hamilton. The total amount wanted by the various city departments was \$366,902 or approximately \$7,000 more than the tax duplicate of the city produces. This amount was divided as follows: Council \$2500, Clerk of Council \$2500, Legal advertising \$1700, Mayor \$2215 Auditor \$3500, Treasurer \$1155, Solicitor \$4005, Board of Elections \$870, Municipal Court \$5000, Mayor's Office \$1000, City Engineer \$1000, Civil Service Commission \$1770, Public Safety \$100132, Public Health \$7500, Sinking Fund \$141,200, Public Service \$20,000, Hospital \$3000, Library \$2500, Police Pension \$2000.

Resolutions were passed permitting the following property owners to construct driveways and remove the necessary curbing: C. M. Provin 182 North Tenth, Burr Miller, 215 West Church, F. F. Funk, 294 Andover, J. Altmever. (Continued on Page 4, Col. 4.)

## LIQUOR "KING" IS SHANGHAIED FOR TRIAL, IS CHARGE

Charles Vincenti.

Charles Vincenti, president of the Triaca Company of Baltimore, Md., and said to be the owner of the largest liquor stock in the world, was brought back from the Bahamas by U. S. officials to answer a charge of conspiracy to violate the wartime prohibition law. His stock is stored principally at Bimini, Bahamas Islands. His attorneys charge he was virtually shanghaied from the British Isles by the revenue agents.

## 72 NEW NAMES ENROLLED TODAY IN C. OF C. DRIVE

Teams Make Reports at Noon-day Luncheon at Masonic Temple—Nearly 200 Prospects Visited.

Seventy-two new members were added to the Chamber of Commerce in the first few hours of the campaign this morning.

The reports were made at the noonday luncheon in the Masonic Temple. In spite of an inclement day a large number of the workers reported this morning and started on the solicitation. Karl Reinhold reported the largest number to be secured, his team getting 14 additions to the membership.

The reports made showed the teams captained by Fenberg secured 11, Wyly 7, Thomas 9, Reinhold 14, Black 7, Newkirk 5, Wolfe 11, and Pugh 8.

The Chamber started the campaign with a membership of 575, those being members who automatically continued as members through not filing cancellation of membership.

The workers started with 1,000 names for solicitation securing 72 of these and 32 checked off not available members. A departure will be made from the card solicitation and the workers will indiscriminately make solicitation.

At the luncheon today an interesting talk was given by Rev. Joseph A. Bennett, former pastor of the Baptist church here but now located in Sistersville. Pointing to the slogan banner which was painted and signed by "Nies Himself," Mr. Bennett said by prefixing the signature with de he would have the spirit which meant success.

The meeting of the workers will be held at 9 o'clock Tuesday morning at the Chamber rooms and the reports will again be made at the luncheon at the Masonic Temple tomorrow.

Steubenville—Petition will be forwarded to governor by citizens, expressing "utter contempt" for manner in which county authorities handled murder of Frances South of Adena.

## DETROIT VOTES BONDS TO BUILD CAR LINES

Detroit, April 6.—The proposal sponsored by Mayor James Couzens to bond the city for \$15,000,000 with which to begin the building of a municipally owned street railway system to compete with the privately owned Detroit Railway carried at yesterday's election, according to complete figures tabulated this morning. The vote was 59,285 in favor of the bonding issue and 51,983 against, or 63.6 percent of the total vote cast, against a required 60 percent.

Mayor Couzens announced today that with the consent of the city council he would begin excavating for the new car tracks at noon today.

## TOLEDO SWITCHMEN TO DEMAND INCREASE

Toledo, April 6.—Railroad yardmen in the Toledo switching district are meeting here today to present demands for higher wages. A second mass meeting was called for tonight at which the question will be discussed and action taken if there is an organized sentiment among the men it was said.

The movement here follows the strike of switchmen in the Chicago district. It was declared that the men may demand \$5 and \$1 an hour. They now are receiving 50 to 65 cents. Switchmen and all others employed in the yards are to be represented at the meetings.

## GERMAN FORCES ARE OCCUPYING ESSEN

Essen, April 6.—Reichswehr forces marched into Essen from two sides of the town this morning.

Birmingham, Ala., April 6.—Snow fell in most of Alabama yesterday, the latest of several at Miami. Florence reported a temperature of 3 and in many other portions of the state anxiety was held for the safety of fruit crops.

## MINERS REFUSE TO RECOGNIZE KANSAS COURT

Decline to Join Court in Investigation of Mining Industry.

## DECLARES UNION DOES NOT RECOGNIZE COURT

Illinois Miners Refuse to Accept New Wage Scale Adopted.

Pittsburg, Kansas, April 6.—Alexander Howard, head of the Kansas coal miners, definitely refused shortly after noon to go into the industrial relations court and participate in the investigation of the coal mining industry now being made here.

"We will not recognize the industrial court," Howard declared. Howat said that the resolutions adopted by the recent district convention of the miners had made the position of the miners clear.

Springfield, Ills., April 6.—Production in at least 20 bituminous coal mines in Illinois was affected seriously today by miners refusing to work because of dissatisfaction with the wage scale agreement signed at New York March 31.

Frank Farrington, district president of the miners and chairman of the general wage scale committee, said he would call a state convention at Peoria, April 20 and examine the steps that led to the present agreement. He did not comment on the probability of the spread of the strike today.

Farrington and other district union officials will meet the operators at Chicago Tuesday to effect a district wage-scale agreement. A minimum wage of \$5.75 a day and maximum of \$6 was even the men under the March 31 contract.

## PUTS CAR SERVICE UP TO TOLEDO PUBLIC

Toledo, April 6.—Following refusal last night of city council to recede from its stand against an increase of one cent in the rate of fare to cover a cover a wage raise demanded by striking street car men, Mayor Couzens, Judge Killis of the United States district court and Henry L. Doherty, head of the Toledo traction interests, planned a conference today in which an attempt will be made to restore car service.

Early in the day, however, the case appeared hopeless. It was said that council is the ruling body in making and breaking ordinances and that an increase in fare can become effective only after it has gone through three readings of council under the provisions of the city charter.

City officials were working frantically today trying to install an efficient motor bus service to take care of the striking public, many of whom have been obliged to walk to and from work since Saturday morning when the car men walked out. Snow and freezing temperatures are adding to the discomforts of the former car riders and down town business is said to have felt the result of the strike.

Mr. Doherty gave it as his opinion today that the traction problem now is up to the citizens. He figured that the strike is costing the company \$4,000 a day, the workers \$6,000 a day and the city at large about \$100,000 a day in decreased production.

He intimated that he has no intention of taking the initiative in a settlement.

## DETROIT VOTES BONDS TO BUILD CAR LINES

Detroit, April 6.—The proposal sponsored by Mayor James Couzens to bond the city for \$15,000,000 with which to begin the building of a municipally owned street railway system to compete with the privately owned Detroit Railway carried at yesterday's election, according to complete figures tabulated this morning. The vote was 59,285 in favor of the bonding issue and 51,983 against, or 63.6 percent of the total vote cast, against a required 60 percent.

Mayor Couzens announced today that with the consent of the city council he would begin excavating for the new car tracks at noon today.

## TOLEDO SWITCHMEN TO DEMAND INCREASE

Toledo, April 6.—Railroad yardmen in the Toledo switching district are meeting here today to present demands for higher wages. A second mass meeting was called for tonight at which the question will be discussed and action taken if there is an organized sentiment among the men it was said.

The movement here follows the strike of switchmen in the Chicago district. It was declared that the men may demand \$5 and \$1 an hour. They now are receiving 50 to 65 cents. Switchmen and all others employed in the yards are to be represented at the meetings.

## GERMAN FORCES ARE OCCUPYING ESSEN

Birmingham, Ala., April 6.—Snow fell in most of Alabama yesterday, the latest of several at Miami. Florence reported a temperature of 3 and in many other portions of the state anxiety was held for the safety of fruit crops.

### A FINE TRIP OFFERED NAVAL RESERVES AND EX-NAVY MEN

Europe, Asia, California—New  
Destroyer, U. S. S. John D.  
Edwards, 1200 Tons, 35  
Knots.

Sails May 1st from Philadelphia. The following are needed so if you have any of these rates, hurry! Four quarter-masters! Four electricians! Radio! One machinist's mate, first class! Five engineers! One blacksmith! Two firemen, first class! Men who have never been in the navy will also find many excellent opportunities. Call and talk it all over with us. The navy is the 1st in service. Ask us! Call or write and see what we have to offer you and do it now!  
Can you qualify?

### NAVY RECRUITING

(This space donated through the courtesy of Carlisle Furniture Co.)

## IN 1895

The Buckeye State Building  
& Loan Co. Was Organ-  
ized. It Has Become One  
of the Leading Financial  
Institutions of Columbus.

1. For over a quarter century
2. It has received money on deposit and loaned it on first mortgage to help people buy or build homes.
3. It is an institution of and for the people.
4. And is known to the State over for its conservative policies.
5. Truly a strong Building and Loan.
6. Assets now over \$19,500,000.
7. Convenient location, Rankin Bldg., 22 West Gay St., Columbus, O.
8. 5% on time deposits. All business by mail if desired.

## MAKE SPECIAL COFFIN TO COMPLY WITH WILL

Springfield, April 6.—Automobiles were discarded and the entire machinery of a local casket company was halted from its regular routine to be turned upon the manufacture of a coffin, the like of which has not been used for many years, when a Clark county undertaker tried to carry out the provisions of the will of the late Benjamin V. Franz, aged farmer, who died at his home near New Carlisle last Wednesday. It was reported to the probate court today.

It was Mr. Franz's request that he must be buried in an old-fashioned diamond shaped coffin of plain wood with oblique sides and boards one inch thick. There were to be no unnecessary trimmings or fancy carved wood. The Springfield firm finally turned out a solid walnut casket very plain, but not too small.

Mr. Franz's will provided that no automobile was to be used in the funeral procession. Not even members of the family were allowed to ride in automobiles. No horse was used, the coffin being hauled to church in a two-horse covered wagon.

## FRENCH TROOPS

(Continued from Page 1)  
The Mivence bridgehead, were ordered forward by Marshal Foch following the efforts on the part of the French government yesterday to induce the Berlin government to withdraw its forces from the neutral zone along the eastern bank of the Rhine where they had been ordered to disperse. Communists in units of 100 and 200 were reported to be moving forward.

Spontaneous scenes at Mivence yesterday are described by Henri Blot, military critic of the Journal des Debats, in a telegram to his paper. He says that during the afternoon troops arrived by train and soon auto-trucks and field kitchens began moving eastward, accompanied by Moroccan troops with machine guns.

Chief interest in the situation as evidenced by newspapers here is whether the allies will support France and to what extent. This query was put to Premier Millerand by the Echo de Paris last night, the premier answering:

"England was victorious and so was France. I am confident everything will work out perfectly."

Asked who would pay the expense incident to occupation, M. Millerand replied:

"Why Germany obviously, since it was she that by her acts obliged us to resort to coercion."

Occupation of Frankfurt, Darmstadt and other German cities in the neutral zone is generally endorsed by journals of all shades of political opinion. It is recognized the operation will be lengthy and burdensome but unavoidable in view of the tendencies of the Berlin government. Critics of the premier, however, deplore the fact the allies are not participants in the movement.

**GIVES \$250,000 TO HOME.**  
Springfield, April 6.—The Ohio Masonic Home will receive \$250,000 from the estate of the late Ralph Bickley, a Columbus banker who died about a year ago, according to word received yesterday at the home. Mr. Bickley was treasurer of the Ohio Grand Lodge of Masons at the time of his death.

Read Advocate Want Ads tonight.

**UNION MEN WOUNDED.**  
Cleveland, April 6.—John Flory, acting business agent of the van drivers' union was shot through the leg and Walter Clem, president of the local Federation of Labor was slugged over the head with clubs while doing picket duty at a contracting teamsters' stable this morning in a disturbance growing out of a strike of van drivers. The injured men were removed to hospitals. The attacking party, numbering nearly a score, escaped in automobiles.

## PRESIDENT HAS GOOD JOB GOING BEGGING

Washington, April 6.—President Wilson is having difficulty in finding men willing to give up their business to serve on the railroad labor board as representatives of the public. White House officials said today in explaining the delay in nominating the members of the board.

Under the transportation act the board must maintain central offices in Chicago and the nine members of the board three representing the public, three the railroads, and three the men. They will receive an annual salary of \$10,000 each.

The railroads and unions have sent to the president lists of their representatives from which the president will make nominations.

## CENTRALIA SLAYERS GET 25-YEAR TERMS

Montesano, Wash., April 6.—The seven men convicted here March 13 of second degree murder for the slaying of Warren G. Grimm, Centralia, armistice day parade victim, were sentenced to not less than 25 years nor more than 40 years each in the state penitentiary by Judge John M. Wilson, after he had denied a defense motion for a new trial. Notice of appeal was given.

## TRANSPORT TO COME WITH 315 YANKEE DEAD

Brest, April 6.—The United States transport Mercury will leave here Friday for the United States with the bodies of 315 American soldiers who died in France.

## WOMEN CONTINUE TO PICKET BRITISH EMBASSY

Washington, April 6.—Disregarding warnings of the federal government that they would be prosecuted under federal penal statutes, two women favorable to an Irish republic resumed today the picketing of the British embassy which led yesterday to two arrests.

A few minutes after the women appeared carrying banners they were warned by the police to leave and when they failed to obey they were arrested. They gave their names as Mrs. Honor Walsh, 906 East Shelton avenue, Germantown, Pa., and Miss Elaine Barrie, of Washington.

## \$208

—we omit the .00—is the average individual bank account of the citizens of Ohio.

Statistics do not warm the cockles of the heart—few read the Report of the Secretary of the Treasury with any degree of undue enthusiasm—but they speak directly to the purse and the pocket. No sensible planter will throw seeds in a muck heap unless he knows its germinative value.

The FACTS—interesting and vital—and the FIGURES—uninteresting but vital—about our exclusive Field in Ohio—reached by the 57 dailies in our List, are contained in a big little booklet we can send you if you will read it. Otherwise not.

## MOTHER!

"California Syrup of Figs"  
Child's Best Laxative

Accept "California" Syrup of Figs only—look for the name California on the package, then you are sure your child is having the best and most harmless physic for the little stomach, liver and bowels. Children love its fruit taste. Full directions on each bottle. You must say "California."

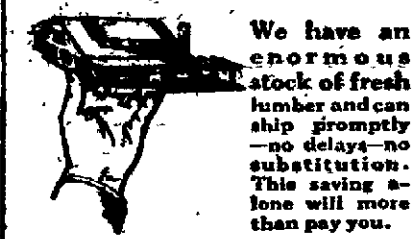

## A REMEDY FOR ACHES AND PAINS THAT'S DIFFERENT

You Don't Know What a Really  
Good Liniment will do Until  
You Try "Houstonia."

Most liniments act as a counter irritant on the surface and give only temporary relief. Houstonia is different. Gets right under the skin. Penetrates to the source of the trouble. Rub if you want to—it won't burn or blister—but you don't have to. It goes in anyway. Contains just what is necessary to help Nature limber up stiff muscles, ease twinging, throbbing joints, and give immediate relief to sufferers from backache, lumbago, stiff neck, colds in the chest, sore-throat and kindred ailments. It penetrates to the affected parts and scatters congestion. Truly Nature's Aid. Ask for Houstonia, pronounced House-tone-a-sh (The Original Jones Liniment) at all druggists, 25, 50 cents and \$1.00. The same old price. No profiteering. The Dr. J. C. Jones Company, So. Charleston, Ohio.

## If You Are Going to Build a Home This Year

## No More Corn Suffering

"Geta-It" Never Leaves a Corn On  
Any Foot For Very Long.

The hurting "pep" goes right out of that corn the moment a few drops of "Geta-It" lands thereon. It is through, and "for keeps."

Corns and "Geta-It" Can't Live  
Together

You'll have no more pain but will notice the corn getting loose and robbing in a day or so, you lift it right off without any feeling. That's the end of the corn and of your trouble. Millions have proved "Geta-It" to be the only and only unfailing, common sense corn remover. Why not you? "Geta-It" costs but a trifle at any drug store and carries a money-back guarantee. Mfg. by J. Lawrence & Co., Chicago.

Sold in Newark and recommended as the world's best corn remedy by T. J. Brown, W. A. Brown, R. W. Smith.

## TRADEMARKS ARE PIRATED

Americans Start Operations in  
South America to Pro-  
tect U. S. Exporters.

## REMEDY IS POINTED OUT

Manufacturers Should Register Their  
Trademarks With the Government  
One Concern Paid \$30,000 to  
Recover Trademark.

Buenos Aires.—Dispatches from the United States stating that the American Manufacturers' Export association had launched a fight against "trademark" pirates in various foreign countries, including Argentina, were read with interest by the American business colony here, which is aware of frequent instances of this sort of business meanness.

Americans are far from holding Argentina alone guilty of the practice, for the stealing of trademarks has been done here even by Americans from their own countrymen. It is said, as well as by Europeans from Americans.

**Remedy Pointed Out.**  
The remedy against it, business men say, is for the American manufacturer to register his trademark with the government without delay, otherwise when he attempts to enter this market he may find that some unknown individual or competitor in the same line of goods has anticipated him.

It is not necessary in Argentina for the person who registers a trademark to be the actual manufacturer of the goods. That is, anybody can register a trademark, first come, first served. Once registered, the mark can, of course, be used by no one else, and if it has been pirated, the rightful owner either has to sell his products under a new trademark or buy off the pirate.

It is known in the office of the United States commercial attaché that \$30,000 was paid by one American concern to recover its trademark from a pirate.

There are reported to be certain individuals who almost make a business of appropriating trademarks of foreign concerns in order to extort a price for surrendering them to the owner. They watch particularly for advertising in newspapers and magazines of foreign concerns whose products they judge are likely to find a market in Argentina; if they find a likely trademark not registered, they see that it is done in their own names and then wait.

**Trademarks Need Renewal.**  
They also watch for the expiration of trademarks—the period is ten years. There are known to be instances in which concerns have thus left their trademarks to a pirate as the result of neglecting to have them renewed.

Argentina has yet failed to ratify the pan-American trademark convention, under which a central agency for the ten southern republics of America would be established in Rio Janeiro for the registration of trademarks. A trademark registered there will be good in all other South American countries signatory to the convention and will save time, expense and trouble. The Argentine administration is known to be anxious to have the treaty ratified, but congress has failed to act. It is reported that President Irioyen is preparing a special message to congress urging that there be no further delay in the matter.

## Gorky, Russian Radical, Finds Soviets a Failure

Bitter disappointment with bolshevism is expressed in an article recently published by Maxim Gorky, the Russian radical, according to a dispatch from Stockholm, Sweden.

"The revolution has not been followed by spiritual revival," the article is said to declare, "and has proved itself unable to make men more honest. Men in power now are just as brutal as those in authority under the imperial regime and send as many to prison. Bolshevik leaders, driven by ambition, are performing experiments upon living people, especially the working classes."

## PRETTY FACE CAUSES WRECK

Aviator Crashes Into Tree While  
Throwing Kisses to Swarth-  
more Coeds.

Swarthmore, Pa.—The Curtiss mail plane R-30, which dropped into a cluster of trees on the Swarthmore college campus, is rapidly disappearing at the hands of souvenir hunters in spite of the efficient guarding of the local police department.

An eyewitness furnished an account of the mishap. According to his story the pilot was flying low and waving to a group of coeds. All went well, it is alleged, until he loosened his hold on the controlling rod for the purpose of throwing kisses with both hands.

In an instant his plane dropped into the trees, and it was another case of a pretty face causing the downfall of a man.

It isn't charitable to give advice you have no use for yourself.

## PERSHING BOOM RESTS ON ACTION NEBRASKA TAKES

Unusual picture of General Pershing (with son Warren) taken five years ago, showing how Pershing looks in civilian clothes.

The candidacy of General Pershing for president rests, it is said now, on the action of his own state, Nebraska, in the primaries to be held April 20. It will be the first time his name has been submitted at the presidential primaries.

Of the 10,246 army nurses who saw services overseas 266 died while on duty and three were injured in action.

## SET OF ELEGANT This ALUMINUM WARE Free IF YOU BUY A COPPER-CLAD RANGE THIS WEEK

### THE RANGE BEAUTIFUL

The strikingly beautiful outlines of the Copper-Clad Range stop every woman. As she looks and admires, she finds that it is true beauty—the beauty of simple elegance and perfect proportions—of fine finish—the thoroughbred of the Range World.

Look for hinges on the above—two only on the oven door and they are long and smooth. There are six other doors yet not a hinge in sight, not a catch, nor hook nor latch. Built like fine automobiles, the hinges are all inside.

### "COPPER CLAD" MEANS

Pure Sheet Copper is placed BETWEEN the sweaty asbestos and range body. To place it elsewhere would be like climbing on top of a roof to get out of the wet.

"Free" means that this ware does not cost Copper-Clad buyers a single penny. It is a reward for buying while the Crank is here and is offered by him to justify you in attending this sale.

This ware is very substantial and just the kind that you would select if buying for your own use. The 7-in-1 convertible cooker takes the place of seven different vessels, as shown by figures 1, 2, 3, 4, 5, 6 and 7. You can use this utensil in some form every day.

Free to every Copper-Clad buyer during this sale.  
Come—See the Asbestos Sweat.

## COPPER-CLAD WEEK ALL THIS WEEK

No matter whether you want a range now or next year or any other time, it will pay you to come and see the Copper-Clad Crank make the Asbestos Sweat.

He takes any piece of Asbestos, puts it between two iron plates—heats it—and shows you the sweat. You can roll it up in drops with your finger.

Every good range must be lined with asbestos to cage and hold the heat around the oven and keep down fuel cost. Every time the range cools off, the asbestos takes moisture out of fresh air circulating through the range like a blotter takes up water. When you fire up, this moisture is driven by the heat to the outside against the cold range body and starts Sweat-Rust on the inside where you can't get at it even though you know it rusts. Sweat-Rust ruins thousands and thousands of otherwise good ranges every year. When the body is gone, the range is done for.

**The Copper-Clad Idea Is "Pure Sheet Copper Between the Asbestos and Range Body"**

Copper never rusts. It may tarnish but it will last centuries. There are Copper Domes that have been defying the elements for hundreds of years. So, when we say a "Copper-Clad can't rust out," we mean that the copper lining overcomes all internal rust. Your greasy rag will keep the outside free of rust—and there are no fussy ornaments full of rivets and bolts to skin your hands. The Copper Clad wipes clean like a dish.

If these things are so—you should know it. Not by hearsay—but by the evidence of your own eyes. Remember, this Copper-Clad Crank is here to tell—to show—to explain. He delights in it. You won't "bother" him by asking questions. He has oodles of time to answer and he is here to "Show You."

# THE SCHAUS CO.

## Elderly People Have A Daily Health Problem

Stomach muscles and digestive organs slow to act as age advances

MOST people find the years slipping by without realizing it, until suddenly confronted with the fact that they can no longer digest everything they would like to eat. It then becomes their daily task to avoid what they know to be chronic constipation.

When exercise and light diet fail it will be necessary to resort to artificial means. Strong physics and cathartics, however, are not advisable for elderly people. They act too powerfully and a feeling of weakness results.

What is needed is a laxative containing effective but mild properties. This is best found in Dr. Caldwell's Syrup Pepsin which is a combination of simple laxative herbs with pepsin. It acts gently and without griping, and used a few days will train the digestive organs to do their work naturally again without other aid.

Dr. Caldwell's Syrup Pepsin has been on the market since 1892 and was the private formula of Dr. W. B. Caldwell, who is himself

past 80 years of age and still active in his profession. It can be bought at any drug store and one bottle is enough to last even a large family many months. It is a trustworthy preparation.

In spite of the fact that Dr. Caldwell's Syrup Pepsin is the largest selling liquid laxative in the world, there being over 6 million bottles sold each year, many who need its benefits have not yet used it. If you have not, send your name and address for a free trial bottle to Dr. W. B. Caldwell, 511 Washington St., Monticello, Illinois.

## Ever Get Bilious? Try This

Take NR at once. Get digestive and eliminative organs working in harmony and relief is immediate. Never causes griping.

### NR Tonight—Tomorrow Feel Right

When your liver goes on strike and you feel a sick headache and bloated spell coming on, instead of poisoning your liver with dangerous cathartics and loading your bowels with stool, irritating purgatives, get out your box of mild, gentle-acting NR Tablets and take one right off.

Relief will come just as quickly and with it genuine, lasting benefit. There will be no griping, cramping, pain or doubling stomachache. Nature's Remedy (NR) Tablets work promptly and thoroughly, but the action is gentle, mild and soothing. Relief comes through the action of Nature's Remedy on not only the liver, but on the whole digestive and eliminative system—the stomach, the bowels and even on the kidneys. Stored up accumulations of waste and body poisons that have been clogging the system are completely cleared out, the over-worked stomach is strengthened and the interrupted work of digestion and assimilation is resumed. The inactive liver goes to work with new vigor, the bowels are unburdened, the headache leaves, that dull, "dopey," want-to-crawl-down-a-hole feeling disappears, energy,

"pep" and appetite return and you feel yourself entirely, completely re-born.

There is no better proof of the great value of Nature's Remedy for biliousness and constipation than the fact that more than one million NR Tablets are used every day—more than five million boxes sold every

day. If you've not already done so, get a box of Nature's Remedy (NR) Tablets and take the first tablet tonight. If your constipation is stubborn or persistent, continue to take one each night for a week or so. Then note how you feel. Your bowels will be as regular as clock work, and you'll find yourself in better shape physically, mentally, every way. You've been in many a day. After that you need not take medicine every day. An occasional NR Tablet to keep your system in good condition will be sufficient and you can always feel your best. Remember it is easier and cheaper to keep well than to get well. Just try it. Nature's Remedy (NR) Tablets is sold, guaranteed and recommended by your druggist.

W. A. ERMAN, DRUGGIST

**Nature's Remedy** Better Than Pills For Liver Ills. Get a 25¢ Box

**DON'T** think that because your stomach can digest food you are proof against indigestion. The most important digestive work is done by the bowels, liver and kidneys. Unless these are active and work in harmony, you are in danger of self-poisoning.

## HAS BOOKS OF WILLIAM IV.

Navy Lists, With Comments on Superior Officers, in New York Library.

### WASHINGTON GREATEST MAN

King of England So Titled Him in a Speech Long After His Visit to New York—Eighteenth Century Slang.

New York.—Under the title "A King's Books," attention is invited by the New York Public Library to the very human personal comments and titles bestowed on his superior officers by a British prince, in annotations made by his own hand, during his service aboard in one of his majesty's ships.

In the Bulletin, recently published, are described some old volumes of British navy lists, once the property of William IV, "the sailor king." A number of the volumes have his autograph signature, "William Henry," on the title page, with his naval rank at that date, and the name of his ship. Such is the case with the list of 1785, when, in addition to his name, he has signed himself "Lieutenant" of the "Hebe."

"The young prince had amused himself," according to the Bulletin's editor, by annotating certain volumes of the set, "which he seems to have had in his cabin . . . and, if the comment opposite the name of his grace the duke of Bolton, admiral of the White, looks suspiciously like the word 'mad,' it may be that the prince, even as a lieutenant, was in a position to know whereof he wrote. . . . It was by no means the only comment at his disposal. The Right Hon. George Lord Viscount Mount Edgcumbe, admiral of the White, is tersely described as 'damned naiser.' This is in the list for 1788."

Eighteenth Century Slang.

Reference is made to other expressions "mysterious today to every one excepting those familiar with sailors' slang of the eighteenth century; others whose significance has no shade of doubt—the blunt language of the quarter-deck or the barracks." And there is at least one, which some "discreet hand," possibly his own, when he had succeeded to the throne, "had seen fit to cut out with a sharp penknife."

"All are in keeping with the character of the man who, when he became king, over forty years later, was known for his good humor—but also for his seafaring manners," says the writer. In stressing his "bluff and hearty nature" the library publication cites the fact that, "at the most solemn moment in his life, as he acceded to the throne, and spoke of his late sovereign and brother, George IV, with as much feeling as anyone not a trained actor could put into his voice for that monarch," he "instantly added in his usual easy-going gruffness, as he affixed his first signature as king to some papers of state: 'This is a damned bad pen you have given me.'"

Of more vital interest to New Yorkers is the prince's connection with their own city of Manhattan. "As Prince William Henry the king stayed for some time in New York, with the British military and naval forces then (1782) occupying the city, contrary to the wishes of General Washington and the American army, encamped in New Jersey. The prince had his quarters in Hanover square, and skated, according to tradition, on the Collect pond. Colonel Ogden of the First Jersey regiment formed an elaborate and well-matured plan to capture the prince and his admiral and take them into Washington's camp. General Washington approved the plan.

Thought Washington Greatest Man. "Something seems to have affected the prince favorably toward this country and its first president. He had, throughout life, an extraordinary weakness for making speeches, some of which were not remarkable for their tact. . . . A happier example of his oratory was afforded when he was king and happened to be entertaining a group of gentlemen which included the American minister. He was 'seized with his fatal habit of making a speech,' and said that it had always been with him a matter of serious regret that he had not been born a free, independent American, so great was his respect for that nation. He said that he considered Washington the greatest man that ever lived.

"Coming as this did from the king of England, compliment could go no further."

The acquiring by the library of a set of "British Army Lists," beginning with the year 1755 and ended with 1842, dates back to the Astor library and the time when Doctor Cogswell, its first librarian, was in Europe "with his princely endowment in his pocket." "These books," says the Bulletin, "had been the property of William IV, king of Great Britain and Ireland, and of one or another of his sons, and they bear the bookplates of one or more of these personages."

### His Faithful Friend.

Louisville, Ky.—Although his family owns three automobiles, Acting Mayor Kirwan of Louisville sticks to his horse and buggy. Kirwan says: "When I start any place I want to know that I am going to get back, and that's why I am cured of automobiles." The mayor has a big auto for his mayor, but he never uses it.

### YEAR ONCE BEGAN IN MARCH

Change in Style May Be Said to Date From 1752—Great Militant Events in Month.

Few people know, or, if they do, have forgotten, that March, and not January, at one time was the first month of the year, remarks the Chicago Journal. For commencing the year with March there seems to be sufficient reason in the fact that it is the first season after the "dead year," in which decided symptoms of growth take place.

The name is derived from the Romans, among whom it was at an early period the first month of the year, and continued to be in several countries to a comparatively late period, the legal year beginning, even in England, on March 26, until the change of style in 1752. For the Romans to dedicate their first month to Mars and call it Martius seems equally natural, considering the importance they attached to war and the use they made of it.

In the history of our own country April appears to carry off the palm for the month in which great militant events occurred, yet in the world war a number of epoch-making incidents took place in March: for instance, the revolution in Russia in 1917, when Czar Nicholas abdicated on March 15. The big drive on the 50-mile front from Arras to La Feu began on the 21st, and Paris was in that month bombarded by "Big Bertha."

**D. D. D.**  
The Lotion for Skin Disease  
FRANK D. HALL, DRUGGIST

# STOMACH GOOD AS NEW. FOUR DOCTORS GAVE HER UP

Mrs. Hendricks, Bedford Five Months, Was Able to Work in Two Weeks.

"I was sick last winter for five months with stomach and bowel trouble. Could not turn myself, lay without help. Was under the care of four doctors, and they gave me up. Then Dr. Miller, the druggist, persuaded my husband to try a bottle of Milk Emulsion. I had only taken it two days until I was sitting up and in two weeks I was doing my own work. When I began taking it, I weighed only 70 pounds; now I weigh 100 pounds."—Mrs. Mary Hendricks, 900 Linden Road, Owensboro, Ky.

Thousands of people who have suffered for years from stomach and bowel troubles, have found relief, almost from the first dose of Milk Emulsion. And it is real, lasting benefit.

Milk Emulsion is a pleasant, nutritive food and a corrective medicine. It restores healthy, natural bowel action, doing away with all need of pills and physic. It promotes appetite and quickly puts the digestive organs in shape to assimilate food. As a builder of flesh and strength, Milk Emulsion is strongly recommended to those whose sickness has weakened, and is a powerful aid in resisting and repairing the effects of wasting diseases. Chronic stomach trouble and constipation are promptly relieved—usually in one day.

This is the only solid emulsion made, and so palatable that it is eaten with a spoon like ice cream.

No matter how severe your case, you are urged to try Milk Emulsion under this guarantee—Take six bottles home with you, use it according to directions and if not satisfied with the results, your money will be promptly refunded. Price 60c and \$1.20 per bottle. The Milk Emulsion Co., Terre Haute, Ind. Sold by druggists everywhere.

Guaranteed by W. A. Erman, T. J. Evans, West End Pharmacy.

# ECZEMA IS ONLY SKIN DEEP

Dr. Edwards' Olive Tablets cure the skin from within. They cleanse the blood, purify the system, and remove all impurities. They are sold and guaranteed by all druggists.

# TAKE Nitelets

TONIGHT FEEL BETTER

KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets.

The secret of keeping young is to feed young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that natural buoyancy which all should enjoy by toning up the liver and clearing the system of impurities.

Dr. Edwards' Olive Tablets are known by their olive color. 10c and 25c.

# STATE STARTS RECRUIT DRIVE

Station Is Opened Here to Secure Men For Battery In Reorganized 37th Division.

In the recruiting of the Federalized National Guard, Ohio has been signally honored. Authorization has been granted for the reorganization of the 37th as a complete division, to be Ohio's own. And in this reorganization Newark is permitted to take an active part.

Recruiting offices have been opened at 30 West Main street, over the Old Homestead for enlistment in this famous division, of men between the ages of 18 and 45. A full quota of officers will be selected according to fitness from those enlisting here.

This offers an unusual opportunity to every physically able man within the military age limits, not alone for identification with what promises to be a representative body of our citizens, but for personal benefits, the extent of which can hardly be over-estimated.

Military training is not only a body and health builder, but also offers chances for mental and moral development which can be obtained in no other way. This has been proven far beyond expectations of the civil authorities by the camp and overseas experience of the few years. The standard of intelligence, ambition, and general fitness for peace duties was greatly raised by war training. And while the once-a-week drill of National Guard members is not as severe as the daily grind of training undergone by men in federal camps, it is sufficient to keep every member up to a high standard of health and readiness.

The military population of Ohio is approximately 537,669, and the requirements of the division call for less than 14 of 1 percent of the entire population. With thousands of young men who have reached military age since the war, it is the opinion of the authorities that Ohio will recruit its 37th division to the full peace strength of 15,000 with little difficulty. In a recent interview, Adjutant General Roy E. Layton said:

"The experiences and military training undergone by the soldiers during the World War gave the young men of America a chance to prove what was in him. He found himself and adapted himself to conditions as far removed from ordinary civil life as can be imagined. All classes of society rubbed shoulders, and carried on for the common cause, as in no other crisis in the history of the Nation. Self-reliance, self-respect, ambition, implicit and willing obedience, are but a few of the many traits the young man subconsciously absorbed. A healthy body and mind, an erect carriage, and the ability to look any man in the face can be gained only by self-discipline, which is taught between the lines of every military text book.

"In the reorganization of the Ohio National Guard, we are fortunate in being able to retain the name 37th division. In view of this fact, we are organizing the Ohio National Guard as a memorial to the boys of the 37th division who gave their lives for their country. We can think of no more fitting memorial than to perpetuate the name and history of the 37th for all time."

The War Department plans to call for a peace-time division made up of the following units: One division headquarters, two brigades of infantry, one brigade of field artillery, composed of two regiments of light horse drawn artillery, and one regiment of heavy motorized artillery, one regiment of cavalry, one regiment of engineers, one field signal battalion, and the necessary medical forces, including hospital and ambulance companies.

Ohio is the first state in the union to conduct an extensive advertising campaign to be backed by the personal efforts of the recruiting forces. The campaign planned in conjunction with the state adjutant general's office by the Arthur M. Crumrine company, advertising agents of Columbus, consists of a series of 12 newspaper advertisements, two half sheet posters, in color, letters to former service men and young men under age during the World War, circulars, mailing folders and cards, moving picture slides and film, window displays and other publicity.

The summer activities of the guard are of special interest to the young man of military age. These include the State Rifle Meet at Camp Perry July 6-10; School of Instruction for Officers and specially enlisted men, July 7-11; the National Rifle Meet at Camp Perry in August, and the regular summer encampment, Sept. 1-15. Officers and men on duty at these times will receive full pay and allowances.

Young men are urged to join early, while there are vacancies in the non-commissioned personnel. Major Chas. W. Miller is in charge of the recruiting office on the second floor of the Schaller building.

# WHOLE OFFICE FORCE JOINS NEWARK C. OF C.

"This office will be 100 per cent perfect in membership in the Chamber of Commerce," declares K. I. Dickerson of the Midland Mutual Insurance company in a letter to Manager E. D. Leach of the Chamber of Commerce, regarding the membership drive which opened today. Dickerson's letter says: "I note with a great deal of interest that members of the C. of C. are clamoring for first honors in the matter of being at the head of the new membership list of the Chamber of Commerce. We, of the Midland Mutual agency, are not so keen for the honor of being first in the membership list, but we are going to put in a claim for a distinction which, so far as I have ever known, is unique, namely 100 per cent membership from an office force of four people. "Everybody connected with the Midland Mutual agency, namely, Messrs. Guy W. Lawry, C. E. Leach, Quincy A. Cheade and myself, will be on the new membership list of the C. of C. "We have talked the matter over and have agreed upon the following: "That we owe something to, and that we should be willing to work for our city. "That the C. of C. is the organization through which we can best work for city development, both civic and industrially. Therefore this agency will be 100 per cent in membership."

# The Marietta Paint MESSAGE

When You Want Paint Come to the Paint Store

Headquarters for Paints Direct from the Factory

# "Save the Surface" Campaign Cleanings

"Making More Money in the Painting Business" is an interesting book of great value to master painters. We will be glad to furnish a copy to any master painter who will call for it. It was prepared by the master painters' committee of the "Save the Surface" campaign organization.

# Meaning of Great Slogan

Experts agree that the surface is the place at which rust of metal or decay of wood begins. Keep the surface sealed with good paint or varnish and there is practically no limit to the life of any structure. That's why the manufacturers of paints and varnishes selected for their slogan, "Save the surface and you save all."

# Borrowing Money on Paint

A Minnesota banker says he will lend 20% more on farm property that is well painted than on property that shows signs of neglecting to use paint where needed. A farmer who keeps his buildings painted in thrifty, takes more interest in his work and is in every respect a safer credit risk.

# How a Paint Film Protects

A structure coated with sheets of India rubber would not be as well protected from decay as a structure coated with a good paint. India rubber is neither so durable nor so waterproof as the thin, dry film of paint, with its finely divided particles of wear-resisting pigments. A square foot of such a film upon a wooden surface costs less than a penny, yet it will beautify and protect a dollars' worth of surface for many years. This is a low rate of insurance.

If it's paint we have it. If it's stain, filler, varnish or even a brush for applying them, ditto.

You can bank upon finding here the thing you are thinking about or trying to remember—if it is anything in paint or wood-finishing materials, or painters' and decorators' tools and supplies.

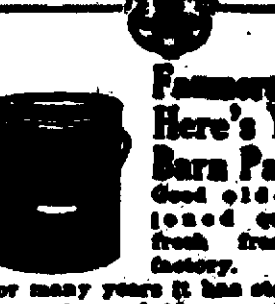

**Save Your Floors**  
Do Your Walking On  
**SPARTANA**  
VARNISH STAIN

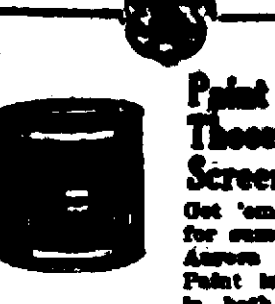

Splendid occupation for your leisure time. Refinish your floors, woodwork, old scuffed furniture. SPARTANA is thoroughly practical. Stains and varnishes with one operation. The stain gives color, brilliancy; the varnish toughness, durability. Come or write for color card.

**These Enamels Made in Several Colors**  
OPAQUE Enamels are made for general use, where you want quick results with one or two coats. They have wonderful opacity or hiding power. Amateurs find them delightful because they are inexpensive and come in assorted colors. Visit our big, exclusive paint store and learn about.

**Farmers—Here's Your Barn Paint**  
Good old-fashioned quality—fresh from our factory. For many years it has stood the test on barns, bridges, roofs, buildings, etc. It's the best paint for the farmer. It's the best paint for the town and the city.

**Paint Up These Screens**  
Get 'em ready for summer. Screen Paint is made in both black and green, and only in this color. It's the best paint for the screen. It's the best paint for the screen.

**That Need Good Paint**  
For a long time we have been known as the best paint store in the city. We have a large stock of all the best paints and varnishes. We have a large stock of all the best paints and varnishes.

PICKFORD DIVORCE  
MAY BE ANNULLED

Nevada's Attorney General  
May File Suit to Determine if Decree Was Obtained by Collusion.

Los Angeles, April 6.—The attorney general of Nevada is to file a suit in the name of Douglas county to have declared void the divorce decree granted Mary Pickford from Owen Moore, on March 2 at Minden, Nev., on the grounds that the decree was obtained by fraud and collusion.

The inquiry into the court action in which the divorce was granted was undertaken by the deputy attorney general, Robert Richards, at the instigation of the bar association of Nevada, as soon as the announcement was made that Mary Pickford had married Douglas Fairbanks.

Under the laws of Nevada, a woman applying for a decree of divorce in the courts of the state must take oath that she is to become a permanent resident of the state.

When Mary Pickford went to Nevada, she put up at a small ranch near Minden, the county seat of Douglas county. As soon as she was able to obtain an attorney she filed a suit for divorce, alleging cruel treatment, habitual intoxication and desertion. She made the required oath as to becoming a resident of the state.

The fact that within a few hours after the decree was granted she returned to California, where she has lived for years, and within a few days married a man who has his permanent residence in California, is regarded as indicating, the advocates of the attorney general's office state, that she did not act in good faith in establishing her residence in Nevada.

Attention also called to the fact that Owen Moore was convenient as to "location," within a mile of the county seat, so that he could be served with the papers in the suit, and that, although within fifteen minutes' ride of the court house, he did not appear to contest the suit against him.

A divorce granted in any other state is recognized in California, and a divorce voided in another state is also voided in this state. As consequence, if the Nevada divorce decree is annulled, Mary Pickford's marriage to Douglas Fairbanks is invalid.

Mr. and Mrs. Fairbanks today refused to comment on the situation. Owen Moore intimated that without his aid, the Nevada officials could do nothing and he was not inclined to make trouble for his former wife.

TICKETS ARE READY  
FOR FRIDAY'S DEBATE

The tickets for the triangular debate to be held at the high school Friday are ready for sale at the high school. A record crowd is expected to hear the debate, it being the first triangular debate in two years.

The loss of Hunter Kellenberger of the affirmative team is greatly felt by the other members of the team, but Charles Browne, one of the alternates, will take his place, and has already committed his speech perfectly. Hunter Kellenberger was taken sick Friday night with pneumonia, and although somewhat improved will be unable to debate.

The practice of the yells and songs is being continued in chapel and the students are becoming well trained. In chapel Monday morning, Glenn Kreider, president of the class of '19, gave a talk, explaining to the student body just how much of the responsibility of the debate rests on the rosters. Glenn Kreider was on the debating teams two years while in the high school. Robert Swingle, a debater of three years on Newark teams, gave a talk relating to the coming debate also.

## Milady's Boudoir

Pretty teeth are essential to beauty and beauty in teeth consists mainly in their being kept white and pearly. Whether pretty or ugly in shape, if kept immaculate in appearance at all times, they will help to enhance the beauty of the face and figure.

The teeth of most people are sufficiently far apart for small particles of food to lodge between them and if these are not quickly removed decomposition begins, injurious acids are formed and a decay of first the enamel and the teeth proper, begins.

Besides, such decaying particles give rise to poisonous and offensive gases which retard digestion, aggravate the nervous system and poison the blood, making radiant health and beauty impossible.

One should go to a private room or the bath room as soon after a meal as possible and there use both toothbrush and dental floss to remove any particles of food adhering to and between the teeth. First they should be brushed in hot water. One must take care, too, that the toothbrush is the right size. If it is too large it will not reach far back into the mouth and will lay on to the gums.

A good tooth powder or paste should be used at least twice a day. Some times there are spots of tartar on the teeth that do not yield readily to a brush. These can be removed by wrapping a small pointed stick with cotton, moisten the cotton and dip it in powdered pumice stone. This treatment should be carried on with caution and only once a week.

## Our Boys and Girls

Children are homesick just the same as grownups and if they are away from their parents at home they are and so much better satisfied. A mother I know always took away from home with the children a blue and white cover and always draped the dining room table at home with cushion covers in which the teddy bears were always seated. A familiar patchwork quilt, a small stuffed animal and a brown linen cushioning rug with animals outlined on it in red cotton. There were even a few pictures slipped out of their frames so as to be carried easily.

I came these sometimes with cheap, temporary frames, she explained, and usually mount them on carriage paper. I tell the children that they are going on a vacation, too, but they always like to see the real honey things and in strange places. By and by, I tell them they will go back to the old home.

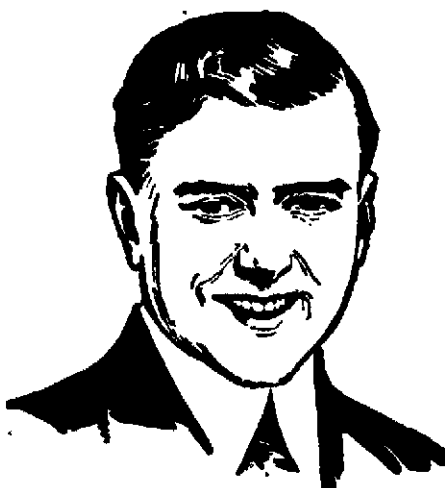

Oh, yes, children like changes and variety, but nights and rainy days they want something they are used to. Many a time when the little ones are called away they simply homesick.

FREE

THIS WEEK ONLY  
At the Store Named Below  
A 10-Day Tube of Pepsodent

Make This Free Test  
For the Sake of Whiter, Safer Teeth

All Statements Approved by High Dental Authorities

It Is Film  
that causes men's teeth to discolor,  
and that holds tobacco stains.

It Is Film  
that clouds women's teeth, spoils  
their glistening beauty and  
is the basis of tartar.

It Is Film  
which is responsible for decay in  
children's teeth. It is the source  
of most tooth troubles.

There is on your teeth a slimy film. You can feel it with your tongue. It clings to the teeth, gets between the teeth and stays.

The tooth brush doesn't end it. The ordinary dentifrice does not dissolve it. So it clings and, night and day, it may do ceaseless damage.

## The Tooth Wrecker

That film is the great tooth wrecker. Most tooth troubles are now traced to it.

The film is what discolors—not the teeth. It is the basis of tartar. It holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay.

Millions of germs breed in it. They, with tartar, are the chief cause of pyorrhea. Also of many other troubles, local and internal.

That is why well-brushed teeth so often discolor and decay, why tartar forms and pyorrhea starts. You leave much of that film.

Tooth troubles are constantly increasing, as statistics show, despite the wide use of the tooth brush. And the reason lies in that film.

## Now We Combat It

Dental science, after years of searching, has now found a way to combat film. Able authorities have proved it by convincing clinical and laboratory tests. Thousands of dentists have proved it, and at least a million people.

The results are seen everywhere in cleaner, whiter teeth. Some of your own friends have them.

For home use, this method is embodied in a dentifrice called Pepsodent. And this week you can test it at our cost.

## Based on Pepsin

Pepsodent is based on pepsin, the digestant of albumin. The film is albuminous matter. The object of Pepsodent is to dissolve it, then to constantly combat it.

Pepsin long seemed impossible. It must be activated, and the usual method is an acid harmful to the teeth. But dental science has discovered a harmless activating method. And that method, used in Pepsodent, enables all to daily use this efficient film combatant.

## Watch the Results

We urge you to present the coupon. Get the 10-Day Tube and use like any tooth paste. Note how clean the teeth feel after using. Mark the absence of the slimy film. See how the teeth whiten—how they glisten—as the fixed film disappears.

Compare the results with your old methods. Then let your own teeth decide the method best for you and yours.

This is of lifetime importance. Don't neglect it. Cut out this coupon so you won't forget.

**Pepsodent**

## "DANDERINE"

Stops Hair Coming Out;  
Doubles Its Beauty.

A few cents buys "Danderine." After an application of "Danderine" you can not find a fallen hair or any dandruff, besides every hair shows new life, vigor, brightness, more color and thickness.

"Beauty is only skin deep," quoted the Wise man, "but when a girl has a clear complexion, it can shine through that," replied Dr. Simple Man.

## Why be Fat?

Have you heard about the very best system for weight reduction? It is a simple, safe, and different from the objectionable ways—and perfectly safe.

You may eat and drink all you need. There is no tedious exercise. Use a little oil of kerosene at convenient times, also follow the simple, clear directions. A loss of weight, ten to sixty pounds (whatever you need to lose), may be expected by this safe and pleasant system of fat reduction. At the drug store get a small box of oil of kerosene, and start at once. It is of normal size, with good figure and attractive appearance, agile, confident, healthy and more efficient. By reducing weight now you are likely to avoid one or more diseases, heart weakness, sunstroke, apoplexy, etc., and to add many years to your life. Remember—oil of kerosene. Beware of cheap imitations. Buy only the one labeled Kerosene Co., Station F, New York, N. Y.

# Lift Off Corns!

Doesn't hurt! Lift touchy corns and calluses right off with fingers

Apply a few drops of "Freezone" upon that old, bothersome corn. Instantly that corn stops hurting. Then shortly you lift it right off, root and all, without pain or soreness.

Hard corns, soft corns, corns between the toes, and the hard skin calluses on bottom of feet lift right off—no humbug!

Tiny bottles of "Freezone" cost but a few cents at drug stores

# IS SWEEPED BY DEADLY TYPHUS

Two Million Cases in Russia—Conditions in Poland Appalling.

## U. S. RELIEF BOARD SWAMPED

Several of Its Officers and Men Have Died, Among Them One in Charge at Tarnopol—Shortage of Supplies.

Warsaw.—General Petlura's Ukrainian government, which, despite its amazing weakness, remains the nearest approach to organized authority that exists between the East Galician frontier and the Dnieper, has sent its minister of public works, Mr. Bezalko, to Warsaw to appeal for assistance in fighting the incredible typhus conditions in the Petlura country. He reports that 10,000 men, the remnants of Petlura's Ukrainian force, have been stricken with the disease and that the 30,000 men of the East Galician army, commanded by Pavlenko, who from time to time have co-operated with Petlura, are in an almost equally bad plight. About half the cases have proved fatal.

### Hands Are Occupied.

It is virtually certain that the Poles will not be able to give assistance to the Ukrainians because their hands are more than occupied in combating the spread of the disease in Poland. There is some typhus in Warsaw—3,000 cases perhaps; Dvinsk, recently captured from the bolsheviks, is in an appalling condition; the epidemic has swept in virulent form as far west as Cracow, where the normal activities are half paralyzed; in most of the villages on the eastern frontiers more than half the inhabitants are sick and there is a disturbing amount of typhus in the army. Where 20 fumigating machines are needed, the Poles have one; where a gallon of carbolic acid is required they have a gill.

The American typhus commission, which, with 5,000 men and 750 officers, came here last summer to prepare to combat the disease this winter, has been overwhelmed; even the vast supplies the commission brought have proved insufficient. Several officers and men of the commission have died, including a colonel who was in charge of the work at Tarnopol. So there is small prospect that Petlura can find any help here.

Reliable reports indicate that soviet Russia is being devastated by the disease. In the recent exchanges of prisoners between the Poles and the bolsheviks, there arrived here a Doctor Czechowicz, who over a year ago was impressed into the bolshevik service as a sanitary expert and assigned to the work of dealing with typhus. He says that in March of last year there were 1,340,000 known cases of typhus in bolshevik Russia and that conditions this year are worse than last year. He estimates that there are now at least 2,000,000 cases in Russia. The soviet government has almost no facilities for controlling the disease and comparatively few physicians are available to care for the sick. In consequence the percentage of deaths is now enormous, Czechowicz says. Usually Follows War.

Such an epidemic as the present one almost inevitably follows a period of war in central Europe. It is to be attributed to insufficient food supplies, weakening the resistance of the people, and to lack of clothing, frequently making cleanliness difficult even for the moderately well-to-do and impossible for the poor.

A common assertion is that typhus is as great a menace to social quiet as bolshevism. But competent observers here do not believe this. The people of this part of the world, they argue, have come through centuries to accept the peril of typhus as an unescapable concomitant of life. Certainly from Poles one hears little outcry at present conditions; it is only those who have known Western civilization who are shocked by the spread and virulence of the disease.

The Polish cabinet has reached no decision on the proposal to quarantine the country and it is hoped that suspension of the railroad service for two weeks, because of the coal crisis, may have a favorable effect upon the typhus situation, which could never have attained the proportions it has if travel had been supervised and restricted a month ago.

## CURE FOR PLANT DISEASES

Botanists at Cambridge University, England, Claim to Make Vegetation Immune.

Cambridge, England.—Cambridge university botanists claim that it is now possible to breed disease-proof plants.

A special body of investigators who have been devoting themselves to the practical testing of the Mendelian heredity law are engaged in immunizing wheat, oats, barley, potatoes and roots, the results of which will be shown in the summer to a distinguished assembly of medical men.

The "plant doctors," as they are called, have already succeeded in breeding a new wheat known as "green-man" which has yielded 12 quarters (96 bushels) to the acre—three times an ordinary crop.

Three million Americans do not speak English.

"I help take the tire out of tire trouble"

—Chesterfield

LIGHT UP! Atta boy! Even the toughest job seems easier if you can "draw" on Chesterfield.

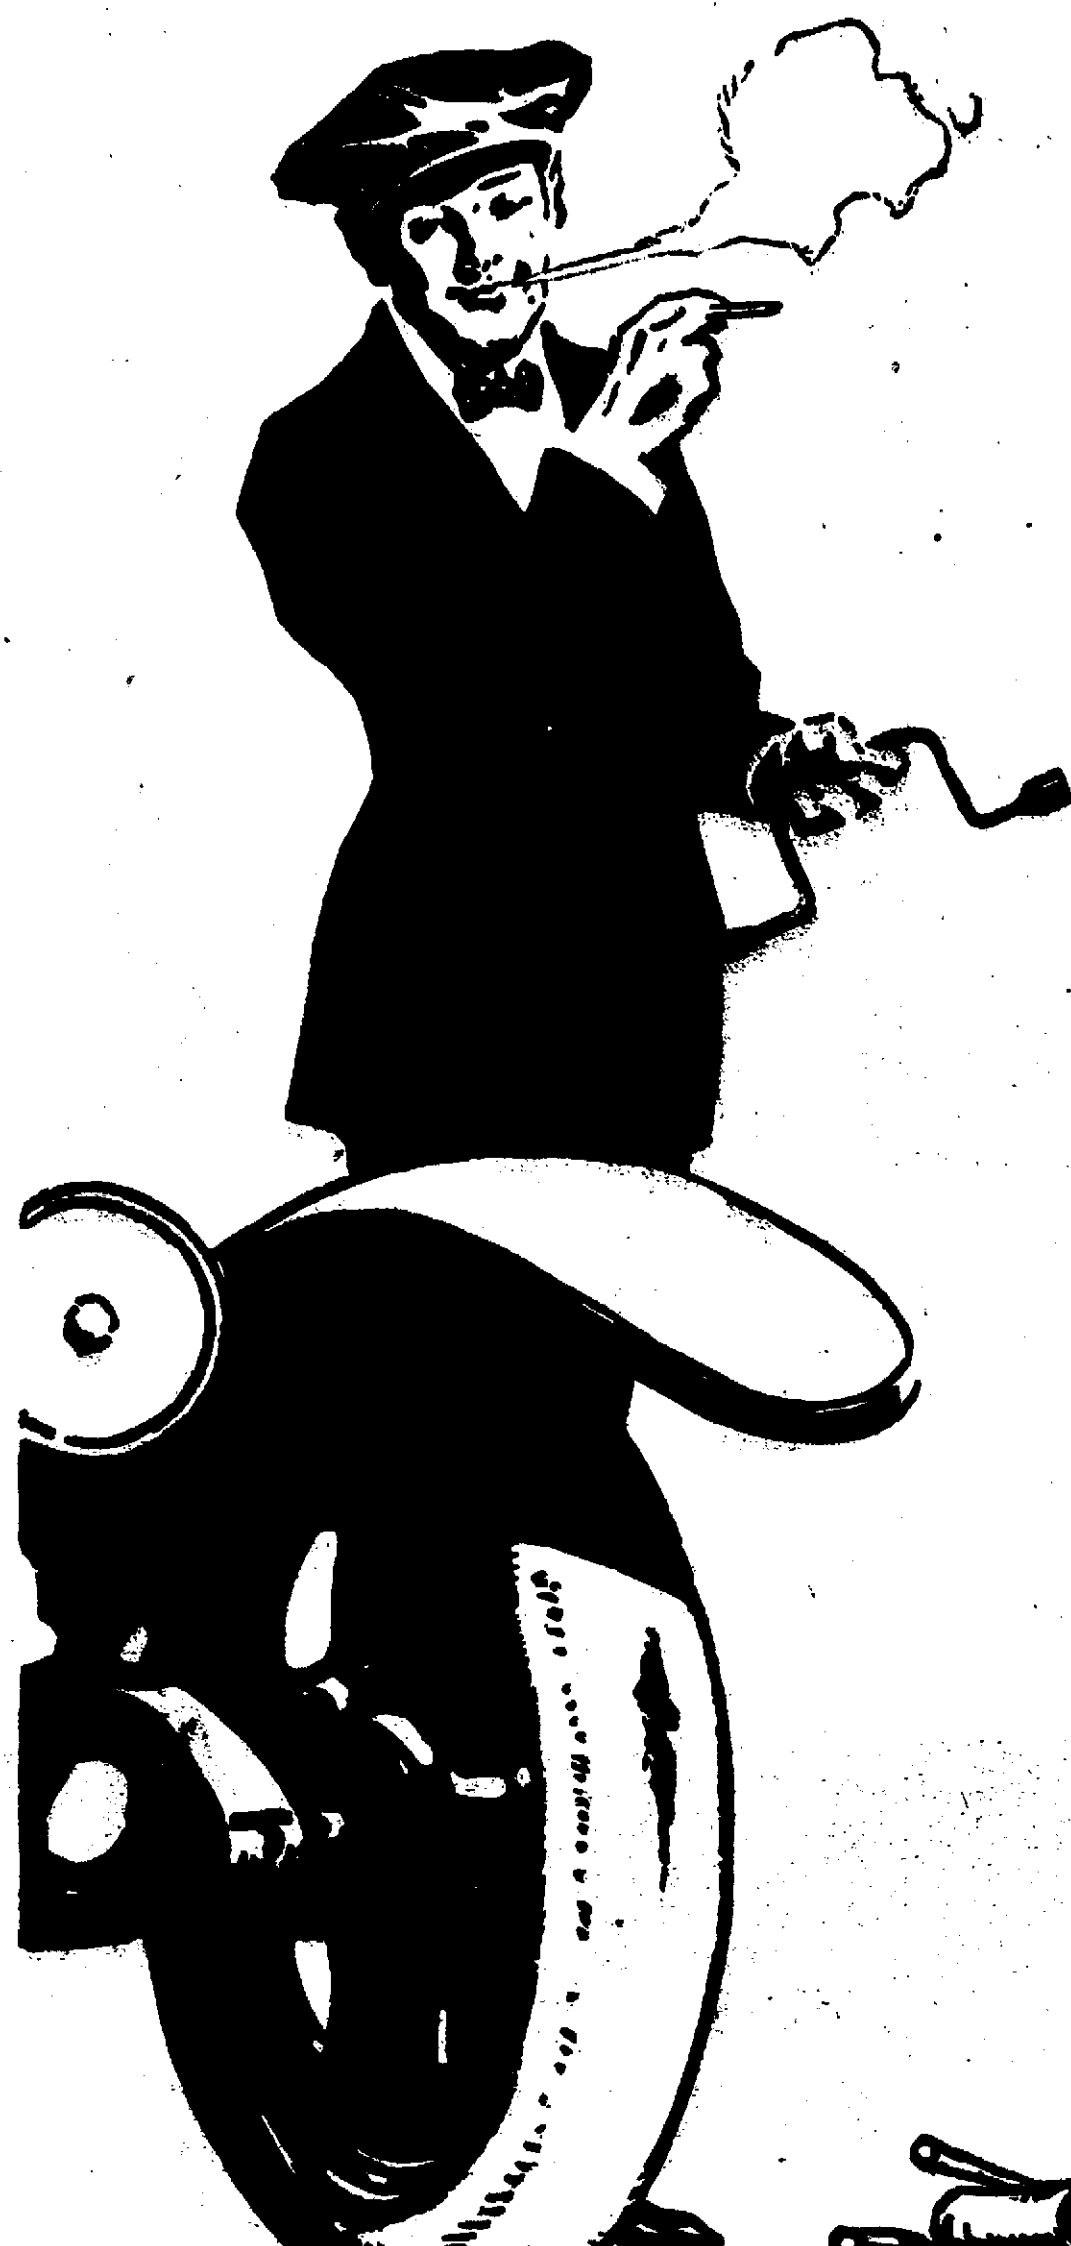

Those fine Turkish and Domestic tobaccos and that exclusive Chesterfield blend "satisfy" as no other blend ever did before.

Once taste that flavor, and you'll know why the Chesterfield blend is a guarded secret. It cannot be copied or even closely imitated.

## SOCIAL AFFAIRS

### Fairall-Calebaugh.

At 7:30 o'clock Sunday evening the marriage of Miss Pearl Calebaugh and Mr. Herbert Fairall of Akron was solemnized at the East Main Street M. E. church.

The altar was decorated with pink and white hydrangeas and the wedding march, Lohengrin's, was played by Miss Ethel Jackson. The bride's gown was preceded by the ring-bearer, Marjorie Davis, who wore a pink crepe de chine frock and carried the ring in a lily. The bride's gown was of white georgette and satin and the tulle veil was caught with orange blossoms. She carried a shower bouquet of bride's roses and sweet peas. The bridesmaid was Miss Frances Rutledge, who also wore white georgette and her bouquet was a corsage of pink sweet peas. Mr. Harry Hague attended the bridegroom.

Following the service a wedding dinner was served at the Hotel Warden to sixteen guests, the color scheme of pink and white being used.

Mr. and Mrs. Fairall will be at home in Akron, where Mr. Fairall is an attorney. The bride is the daughter of Mrs. Ernest Finch of Eastern avenue. She was graduated from the Newark high school with the class of 1918 and has been a stenographer for the Swisher-Clear company. The bridegroom is a graduate of Ohio State university.

The women of the first division of Plymouth Congregational church will meet at the home of Mrs. Grail, 123 South Third street, Wednesday afternoon at 2:30 o'clock. Members will bring thimbles.

The Knights of Columbus entertained with a dinner dance Monday evening, the dinner being served at 8 o'clock at the Warden hotel. The tables were centered with pink tulips and fern leaves were strewn its length. A six-course turkey dinner was served, the honor guests at the dinner being Rev. Father B. M. O'Boylan and Rev. Father Guenther. The Wexler-Rosebaugh orchestra played during the dinner and gave the dance program at the Elks hall.

The guests were Mr. and Mrs. Jack T. Birmingham, Mr. and Mrs. Jack Evans, Mr. and Mrs. J. Oscar Juch, Mr. and Mrs. F. M. McKenna, Mr. and Mrs. G. H. Anderson, Misses Ann Smeltz, Freda Reichert, Ruth Owens, Hazel Kirk, Hazel Stasel, Frances Oberfield, Minnie Staugh, Geneva Guthrie, Eva McDonald, Bernice Floyd, Grace Dierksen, Genevieve Dechman, Bernice Segle, Evelyn Nye, Eva Winters, Bernadette Winters, Emma Fetter, Hazel Brickles, Lucile Hohl, Helen Ginter, Josephine Yost, Daisy, Dial, Mary Ganey, Pauline Phalen, Irma Myers, Emma Wheeler, Edna O'Shannessy, Irene Cosgrove, Marie Schaller, Kathryn Stark, Marguerite Steeple, Dorothy Kuster, Virginia Martin, Messrs. Kuster, Raymond Prior, Charles Carroll, Wm. J. Schiopen, Raymond Mayhold, Joe Dennison, Wm. F. Lavin, Andrew Dennison, Karl Kuster, Charles Gilbert, Bernard Keryhen, John Donaldson, James P. Smith, L. D. Manning, J. D. Carroll, George Pieri, George M. Bowman, Wm. McDonnell, Harry Wright, Dennison, C. Walter J. Hemmer, Zanesville, O.; Bernard Ewald, Dayton, O.; Raymond Long, Dayton, O.

The Phi Sigma Chi fraternity is entertaining with a dinner dance this evening at the Elks hall.

Mrs. J. G. Fulton of 223 Hoover street, will entertain the members of the Alpha Sewing club Wednesday evening.

Mrs. Raymond Haynes is entertaining the members of the G. A. R. club at her home in West Main street this evening.

Mrs. Fred Stevens entertained the members of the Good Will society at her home. A dainty repast was served the following: Mrs. Margaret Parr, Mrs. Alvah Hazlett, Mrs. Hedger, Cousin Mrs. Fred Orr, Mrs. Ross Pope, Mrs. Smith Stevens, Mrs. Howard Coarson.

Mrs. William Hazlett, Mrs. Rachel Courson, Mrs. John Vogelmeier, Mrs. T. M. Hazlett, Mrs. Ralph Parr, Mrs. Oren Sigler, Mrs. Clement Jeffers, Mrs. Elizabeth Sigler, Mrs. Carl Irwin, Mrs. William Farmer, Mrs. Frank Osburn, Mrs. Arthur Snelling, Mrs. William Parr, Mrs. Orville Hartman, Mrs. Clarence Parr, Mrs. Addie Mardis, Mrs. May Stevens and Mrs. Aureline Snelling.

The Woman's Auxiliary of Trinity Episcopal church will hold a tea and food sale on Wednesday afternoon, beginning at two o'clock, at the home of Mrs. W. E. Loose, 21 Pearl street.

The Social Needle Workers were entertained by Mrs. J. W. Long Thursday afternoon at the home of Mrs. Raymond Hull, in North Pine street. Ten members responded to roll call. The afternoon was spent in needle work and a contest was held in which Mrs. Geo. Conliff received first prize and Mrs. Clarence Wilcox second prize. Delicious refreshments were served and the club adjourned to meet in two weeks at the home of Mrs. F. C. Mayer, 223 North Fourth street.

The Licking county Pomona Grange will meet with Derthick Grange, at Summit Station Saturday. Worthy State Lecturer Harry A. Caton will talk to the lecturers of the county at 11 o'clock and address the grange in the afternoon.

The following is the program. The music being under the direction of Prof. George J. C. Smith, of the Summit schools.

"The Maypole"—H. E. Warner, op. 44 No. 2—Summit High School Girls Glee Club.

### George Oatman.

Funeral services for George Oatman who died Monday morning will be held Wednesday afternoon at 1 o'clock in Pleasant View church at Wilkins Corner. Rev. P. E. Wright will officiate and burial will be made in Wilson cemetery.

### WOMEN MAY LOSE VOTE.

Columbus, April 6.—It now is believed that women will not be permitted to vote in Ohio at the presidential primaries April 27.

Petitions for a referendum on the Reynolds act authorizing women to vote in presidential preference primaries will be filed before midnight, April 19, thus suspending the operation of the law, temporarily at least. Notice to this effect was received yesterday by Secretary of State Smith.

It was stated the petitions will contain approximately 58,000 signatures from 60 counties.

### POPULATION STATISTICS.

Washington, April 6.—Population statistics announced today by the census bureau include: Logan, Utah, 9,439, an increase of 1,917 or 25.5 percent over 1910; Grand Junction, Colorado, 8,665, increase 911 or 11.7 percent; Vinita, Okla., 4,961, increase 579, or 23.5 percent; Albany, Ga., 11,335, increase 1,365, or 41.1 percent; Carick, Pa., 10,594, an increase of 4,387, or 71.7 percent.

### GASOLINE IS NECESSARY.

Huntington, W. Va., April 6.—Gasoline is as necessary for an automobile as feed for a horse, ruled Masterate Samuel Wright, in discharging two Huntington garage owners who were charged with having violated the "Sunday closing law." The defendants were arrested Sunday on orders of Mayor C. W. Campbell who charged that they had sold gasoline to autoists in violation of the law.

### WILL ESTABLISH NAVAL BASE.

Washington, April 6.—The senate naval committee today voted to establish an extensive deep water naval base on San Francisco Bay and authorized the appointment of a naval commission to decide on a site and submit plans and recommendations by Oct. 1, 1920.

## Everyday Etiquette

"How should a lady conclude a friendly letter to a man with whom she is not familiar enough to call by his first name?" asked Maid.

"Social usage says that she may end her letter somewhat as follows: 'Believe me, dear Mr. B., sincerely yours, and then the signature,' answered her sister.

## TWO SMART STYLES WHICH SHOW THE BECOMINGNESS OF OFF-THE-FACE HATS

A hat to some people is any old kind of head covering with which to please the convention that demands the head be covered when one walks or shops or drives. To others a hat is the note triumphant of the whole outfit, it is the really beautiful thing in the wardrobe. Then to some others the hat is a utility accessory which must combine beauty and usefulness. Those in the second and third class are the ones who do not cause a shudder with their headpieces. Those are the women who know when to buy stiff brimmed hats and when to buy draped turbans. They know whether they should wear large hats or small tight fitting shapes. And those are the women to envy.

Here are two of the off-the-face styles which are popular this season and which should never be worn by any save the fortunate women with youthful features.

## East Main Street Man Gains Seven Lbs. In Two Weeks Time

Ira Gundy Tells How Redex, the New Herbal Remedy Helped Him to "Come Back."

No man or woman can do their full share of work when they are feeling weak and run-down. Therefore, the old saying that "a man is only half a man when he is sick," is perfectly true. That Redex is bearing out the reputation established in other cities. It is only necessary to read the statements of well-known people who have been benefited after they had almost despaired of getting relief.

Mr. Ira Gundy, an old time resident of Newark, who has been with the Wehrle company of this city for about twenty years, and lives at 274 East Main street, is exceedingly enthusiastic over his experience with Redex, the new herbal remedy now being introduced here. In a recent conversation with the Redex expert, he said: "Redex has done me more good than any other preparation I have ever tried and I have taken about everything going. When I got my first bottle of Redex a few weeks ago I was a physical wreck. I was bothered with stomach trouble, nervous, run-down, had rheumatism in my knees; seldom enjoyed a good night's rest, and altogether felt in a very bad way. Today I feel cheerful, buoyant and happy and as young as any man of my years, and I am a few laps over three-score years old. I am eating hearty without any bother with my stomach, my nerves are strong and steady and I get a good night's rest from the moment I hit my pillow. I got an emery splint in my right eye recently, but it's out now and its too trifling to talk about. The rheumatism in my knees has also gone and I have no fault to find at all. When a man of my age gains over seven pounds in weight in less than two weeks time as I have done, he has reason to feel good over it, and I must say I feel fine. I have wonderful faith in Redex and shall be glad to recommend it to all my friends."

Redex, the new herbal remedy that fortifies a person against disease, can be taken to excellent advantage as a tonic during all seasons of the year. It is especially beneficial in cases of stomach, liver and kidney trouble, rheumatism, nervousness, loss of appetite, insomnia, catarrhal and bronchial troubles, faulty circulation, paid com plexion, the after-effects of influenza and for persons in a run-down or weakened condition.

Redex can be obtained in Newark at Evans' Arcade Drug Store, Evans' Mykranitz, and all leading druggists. Redex can also be had in Granville at Gilman's Drug Store, Alcanaria, C. M. Gilmore, Hebron, Hebron Drug Co.; Johnston, Howard's Drug Store; Utica, Richardson's Drug Store.

## Twenty-Five Years Ago

(From Advocate, April 6, 1895.)  
Mrs. John Francis entertained a number of her friends at her home in Cedar street Thursday evening.

All the assessors of Newark and Licking county met in the auditor's office this morning and received blanks and instructions pertaining to the assessment for personal property in 1895.

Mrs. Nellie Griffin is quite ill with typhoid pneumonia.

Fifteen Years Ago.  
(From Advocate, April 6, 1905.)  
The Welsh Congregational church of

North Fourth street, which was built 40 years ago, has been renovated and undergone extensive repairs and will be rededicated next Sunday.

At a meeting of the incorporators of the Franklin National bank, W. A. Roberson has been named as president and W. L. Drou as vice president. The cashier has not been named yet.

At a congregational meeting held Wednesday night the treasurer reported of the First Presbyterian church entirely free from debt.

A starfish may jerk off each of its five arms set in succession; it may cast off an injured or parasitic arm; in rare cases there is multiplication by division.

 Wednesday evening, April 7th. 4-6-11x

# CHRISTIAN SCIENCE LECTURE

The greatest teacher the world has  
 ever known said, "freely ye have re-  
 ceived, freely give" and in his effort to  
 obey that injunction the First Church  
 of Christ, Scientist of this city is giving  
 a free public lecture tonight at  
 8:15 at the High School Auditorium on  
 the subject of Christian Science. Christian  
 Scientists feel that the greatest  
 gift they have to give is an opportunity  
 to hear of the teaching and the healing  
 which is shown them the goodness of God,  
 the freedom and health that comes from  
 an understanding of His laws. The lec-  
 turer is Charles I. Ohrenstein, C. S. B.,  
 of Syracuse, N. Y., member of the  
 Board of Lecturers of The Mother  
 Church, The First Church of Christ,  
 Scientist, in Boston, Mass. 4-6-11x

# From Thin To Plump Girls

The expressions of happiness and  
 gratitude of several of his young lady  
 patients for whom he prescribed the  
 recently successful flesh forming pro-  
 duct, known as three hypo-nutrine  
 tablets, is related in a photograph in  
 one of the medical publications and it  
 comes as a surprise to the ordinary lay-  
 man to learn the heart throbs of dis-  
 tress which seems to effect so many  
 young people who are abnormally thin.  
 Also to know that the weight can be so  
 readily increased by the use regularly  
 for several months, of this peculiarly  
 named preparation now obtainable of  
 the best apothecary shops in sealed  
 packages with complete instructions for  
 self-administration—Adv.

 teresting talk to the high school Mon-

# ASK DAMAGES FOR COLLISION OF AUTOS

Joseph Sinco has filed a petition in  
 municipal court to recover \$800 dam-  
 ages to his machine and person against  
 Ida Spees. The petition relates that  
 the defendant owns a truck which  
 veered to the left suddenly when Sinco  
 attempted to pass it on West Main  
 street, April 3. The truck was driven  
 by an inexperienced boy, the petition  
 says. Damage to three fenders, a tire  
 and inner tube and the radiator and  
 personal damage are charged. E. G.  
 Smythe is attorney for Sinco.

**Refuse to Grant Ditch.**  
 The county commissioners refused to  
 grant the Evans ditch in Monroe town-  
 ship at the hearing yesterday.

**Protests Are Made.**  
 A meeting was held this morning in  
 the county commissioners' office in re-  
 gard to the Newark-Mt. Vernon road.  
 Several property owners protested  
 against the assessments made against  
 them but no alterations were made.

**Grand Jury Meets.**  
 The April term of court convened in  
 this city on Monday morning, the  
 grand jury and the petit jury both be-  
 ing in attendance.

**Auto Case Heard.**  
 The court and the petit jury were en-  
 gaged on Monday in hearing the evi-  
 dence in the case of the Universal Auto  
 company vs. the Ohio Electric railway  
 company. Plaintiff asks for damages  
 in the sum of \$5,000 caused by running  
 into several Ford automobiles at the  
 crossing in Kirkersville, March 18, 1918.

The automobiles were being driven  
 from Columbus to Washington, D. C.  
 Defective crossing and excessive rate  
 of speed on the part of defendant are  
 claimed by the plaintiff as having  
 caused the accident. Defendant claims  
 contributory negligence on the part of  
 plaintiff.

# ORDERS TOLEDO CAR SERVICE RESUMED

Toledo, April 6.—Federal Judge Kil-  
 lits today ordered the Toledo Railways  
 and Light company to restore street  
 car service Thursday morning, threat-  
 ening to name a receiver if the com-  
 pany refused.

**Make Your Speech Short.**  
 It's a mark of business ability to  
 say much in few words. It saves time.  
 The man at the other end of the  
 wire doesn't want a sermon from you.  
 He called you for facts, not en-  
 tertainment. If that were on his mind  
 he would go to the theater and get  
 the real thing. Neither does your cor-  
 respondent want to read a page to  
 learn that you want six sectional  
 cases, quartered oak, dark finish, size  
 124, grade 290, shipped by express.  
 He wants your order in the fewest  
 words. It saves him time and it will  
 save yours, too. It's a good thing to  
 aim at the greatest conciseness and  
 exactness of expression. You are apt  
 to make fewer mistakes when you can  
 make few words tell your whole story.  
 You will rise in the business world  
 as you are able to do it.

**Diet and Energy**  
 The Salvation Army acquires new  
 merit, just as we thought all had been  
 said, when we learn that half of a  
 doughnut will provide lifting power to  
 carry a man to the top of the Washing-  
 ton monument (a climb of 555 feet),  
 and six walnuts will do the same,  
 while three medium-sized olives will  
 see you comfortably half a mile on  
 your way. A single caramel, says a  
 discouraging article in the American  
 Journal of Medicine, supplies energy  
 for a mile's constitutional. Think of  
 the mistaken picnic luncheons that  
 have been laboriously carried in the  
 past. Reflect that six olives and six  
 caramels are all you need to supply  
 steam for a seven-mile walk, and think  
 how casually these men be eaten sit-  
 ting over a supper table.

**A Fair Guess.**  
 Teacher—in what battle did Gen.  
 Wolfe, when hearing of victory, cry,  
 "I die happy?"  
 Johnny—I think it was his last bat-  
 tle.—Boston Transcript.

The London Church, in Spanish place  
 which Knickerbocker attended during  
 his recent visit has a new window in  
 honor of St. Michael the patron saint  
 of armor.

# PERMITS ISSUED TO REMODEL 3 HOUSES

E. A. Shaver took out a permit to  
 remodel the house at 141 Hudson ave-  
 nue at an estimated cost of \$2300.  
 Annie Biberbach took permit to re-  
 model dwelling at 159 South Fifth street,  
 \$400.  
 W. J. Wiley garage for one car \$150,  
 112 Elmwood.  
 Mary W. Riedinger garage for one  
 car, \$100, 18 Eighth street.  
 T. C. Rowlands, remodel a dwelling  
 at 252 North Eleventh street \$200.  
 Porch added, 27 Fulton avenue M. L.  
 Fleming, \$450.

# REVIVAL MEETING AT NAZARENE CHURCH

The Church of the Nazarene on Elm-  
 wood avenue will begin a series of re-  
 vival meetings next Sunday. Rev.  
 Ralph C. Gray of Olney, Ill., will be  
 the evangelist.

Preparatory to the services two cot-  
 tage prayer meetings will be held this  
 week beside the regular prayer meet-  
 ing at the church Thursday evening at 7:30  
 Tuesday evening at the home of T. B.  
 Kirk 21 Bowers avenue, and Friday  
 evening at the home of John Purks, 129  
 Madison avenue.

The annual meeting of the church  
 was held Monday evening. Reports of  
 the year's work were given, which were  
 more than satisfactory. The financial  
 report showed an average of over \$100  
 per member for all purposes for the  
 year. The average Sunday school at-  
 tendance is 75 per cent of the church  
 membership. The average collections  
 for the Sunday school is 13 1/2 cents per  
 member and 50 per cent of the pupils  
 bring their Bibles.

The pastor and wife Rev. and Mrs.  
 F. M. Landgrave, have been unani-  
 mously recalled for another year this  
 year's work ending with the last Sun-  
 day in April. The district assembly of  
 the Ohio district will be held at Marion,  
 May 12-16. Fred Fulk and Mrs. Hilda  
 Dunn were elected as delegates from  
 the local church.

The outlook for the coming year is  
 very encouraging, and the church is  
 looking forward to the best year in its  
 history.

# AT CENTRAL CHURCH.

The special Easter services at Cen-  
 tral Church of Christ far exceeded the  
 anticipation of the membership Satur-  
 day and the day was a real joy to all  
 and attendance was large. The day  
 began with a union service sunrise  
 prayer service led by Russell Armer-  
 trout.

At 9:30 the Bible school orchestra  
 under the leadership of Miss Martha  
 Flurshutz rendered two fine numbers,  
 after which the school sang "The Golden  
 Gates Are Lifted Up." As the or-  
 chestra played a march the primary,  
 intermediate and junior departments in  
 charge of the corps of teachers marched  
 into the main auditorium of the  
 church, where a program was carried  
 out in the interests of the National  
 Benevolent association of the Christian  
 church, the main feature being a demon-  
 stration by the school of the work  
 and purpose of the association. The  
 auditorium was decorated with the  
 American flag, a profusion of flowers  
 and potted plants and the cross.

The Bible school attendance aim was  
 444 and it reached the number of 458.  
 A cash offering of \$94.49 was received.  
 At the close of the Bible school the  
 superintendent disposed of some of the  
 flowers by giving one to the oldest one  
 present, one to the largest family and  
 to the one coming the longest distance  
 to the service. Mrs. M. Smallwood, 87  
 years, Mrs. Rodinizer, and Mrs. Svein  
 from Gallipolis and Mrs. Lamb of  
 Mansfield each received one. The rest

were distributed among the sick of the  
 congregation.  
 The morning worship proper had a  
 large attendance and by previous ar-  
 rangements the membership sat in the  
 pews in groups as to the years they  
 took membership in the church, the  
 pews being so designated by placards  
 showing the various years. Dr. Man-  
 sell spoke. The C. E. at 6:15 had a  
 large attendance and Mr. Mansell led  
 this meeting.

# What Shall Your Windows Say This Spring?

HAVE you ever stopped to think that the windows do a lot of talking about every home? Not the wooden cases, of course, but the draperies that your neighbors look at every day, and which are seen by the people who pass by.

This season the materials for window draperies and overdrapes are the most handsome that have been shown for a number of years, and now that Spring is here, we know that you will be interested in seeing the new display and planning your new draperies for the coming summer.

## HAVE YOU WINDOWS OF VARIOUS SIZES?

The many fine nets by the yard will help you solve the problem. The colors are white, ivory and ecru, in small all-over craft patterns, plain grounds with shadow patterns, flut nets, Amerex nets and lever nets.

Then these may be edged with pretty lace edges, which come by the yard, so if you desire to buy curtains all made up for your regular size windows, you will be able to match the edge and material by the yard, and have all the curtains match.

## FINE IMPORTED SCOTCH MADRAS IN WHITE AND COLORS

In white and cream: this madras is shown in 36, 40, 45 and 50-inch widths. Curtains may be made plain or finished with a pretty tassel or ball fringe.

FOR DOOR DRAPERIES AND OVERDRAPERIES—the colored madras may be secured in a color to correspond with the other furnishings of the room. Plain shades of gold, blue, grey, rose and mulberry. Combinations such as blue and gold, green and brown, mulberry and brown, green, blue and mulberry.

## MARQUISSETTES AND VOILES

Are shown in white and cream, in plain or hemstitched edge. A neat gimp edge will add a pretty finish to curtains made of these materials.

FOR BEDROOMS—A pretty colored marquisette in white or ivory ground with dainty band borders in conventional or floral effects, in delicate colors or pretty Blue Bird designs.

FOR WINDOWS—Where you want a sheer dark color drapery, you'll like marquisette in plain shades, or the solid all-over tapestry effects in dark grounds.

## SUNFAST SILKS

Will make another handsome silk, where a fast color fabric is wanted. Shown in plain weave, small figures and striped designs in rose, green, blue, mulberry and gold.

## CRETONNES WILL ASSIST YOU

With upholstering furniture, bed spreads, door or window draperies, box covers and in numerous small ways. A big range of patterns in florals, conventional designs, tapestry patterns and all-over designs in many odd effects.

## CONSULT OUR DRAPERY DEPARTMENT ABOUT MAKING YOUR CURTAINS

Our workroom is equipped to make special size curtains from any material you may select. Just give us the measurements of your various windows, and after you have selected your materials and edges, these will be made up in the desired sizes, at a small cost.

## IF NEW RODS ARE NEEDED

You can find them to fit any size window, either straight or bay window. Double or single rods in flat or round styles. Also the traverser rod and fixture, which is used where the drapery is drawn across the window at night.

## LET US LAY ASIDE YOUR RUGS

You can select them now, and by making a small deposit we will hold them until you are ready for them.

**The W. H. Mazey Company**

## PAINT COMPANY BRINGS SPECIAL SALESMEN HERE

A new method of sales promotion has been inaugurated by The Marietta Paint & Color Co. It consists of sending a man into the territory where the company has branch stores, such as the one at 31 W. St. Church street, and having him do missionary work among the local industries and serve as city salesman for the local branch.

The man who has taken this position is W. A. Plankell, who arrived in the city Monday, accompanied by John H. Remond, who has for several years had charge of advertising and sales promotion for the Marietta concern. Mr. Plankell will be in Newark a couple of weeks. He brought with him an electric bulletin machine displaying moving window signs that attract attention of pedestrians even from the opposite side of the street. The machine is electrically operated and shows a steady procession of snappy cards, the illumination of which adds to the effectiveness.

Mr. Plankell's work here will be supplemented by special advertising consisting of a series of "Marietta Paint Messengers," some of which appear on another page of this issue of the Advocate.

In discussing the new move, Mr. Remond said this is the company's method of looking up with the national campaign of the Paint Manufacturers of the United States, who are endeavoring by an educational campaign to teach the people the effectiveness of paint in enhancing the value as well as the beauty of property. In spite of the high prices of materials, Remond maintains, it is much cheaper to paint than not to paint.

Mr. Plankell will spend two weeks here and will return periodically after having similar visits to other cities in which the company's branches are located.

## SERVICE

(Continued From Page 1)

producer. This is a national as well as a local service. It is doubtful if there is a community anywhere in our country that equals its production possibilities.

"Another subject demanding attention is transportation. It is the task of a transportation committee to study the transportation situation in the region, to ascertain what are the obstructions to the free flow of traffic and formulate plans for the removal of the obstructions. Most of the obstructions to the free flow of traffic are found to be the character and condition of the highways leading into the town. We have come to understand that the great national highway is not the road from New York to San Francisco, but that it is the road from the farm to town. The transportation committee will be able to report plans for the removal of traffic obstructions and the provision of improved facilities that will be so compelling in its nature as to be certain of public support. Not an over-the-hill-at-once program, but a one-things-at-a-time, and as rapidly as the public can be made to respond.

"As increased production, diversified crops and good roads mean added prosperity, expansion with increasing pay rolls mean more business for the merchant. An analysis of the industrial growth of American communities has shown that this growth has been largely within, that is, through the expansion of the existing industries and through the coming in of a similar and related industries attracted by the local labor market. Money spent in advertising for industries is generally wasted. Best results are obtained through creating and preserving conditions favorable to the industrial population. As industries prosper they expand and a labor market is established that invites other industries. Attempts to force industrial expansion through advertising campaigns and bonuses have generally proven ineffective. The financing of industry is a banking and not a community proposition.

"The retail stores of the town are a most important community asset and should be viewed in that light by the Chamber of Commerce. It is the store that brings the farmer into town to trade. The larger and more varied the store, the better the reputation for good values and fair prices. The more attractive the displays, the better the service and the more courteous and accommodating the salesmen the more rapidly the town will grow as a retail center and the wider the territory from which it draws trade. Looking upon the store as a community asset the Chamber of Commerce should lend its aid to all movements for better merchandising, style shows, better displays, advertising campaigns, exchange of credit information, trade excursions and salesmanship classes.

"Salesmanship classes are not alone for the purpose of teaching salesmanship. If properly conducted they can be made to train young men in the fundamentals of business. Nearly every young man when he enters upon his first employment looks forward to the day when he will be in business for himself. That so many turn out failures is due in some measure to the fact that they have been left without proper guidance during the early years of their business careers. They are left to drift along, forming erroneous conclusions as to the meaning of things and without any conception of their true relationship to their employers of the business with which they have become connected.

"Chambers of Commerce are beginning to realize the need young men have for guidance and have encouraged the formation of young men groups that meet at regular intervals to be addressed by successful local business men on the fundamentals of business and salesmanship and at frequent intervals experts are brought in from outside to deliver talks on business subjects.

"At these meetings the essentials for business success are explained to the young men composing the group. It is explained to them that no man can build an organization unless he has been through a formal training and that in the business with which they are connected they are now part of an organization, that all business conducted for profit involves risk of loss, that no matter how much experience a man may have acquired he must also have capital and that this can only be acquired by industry, by borrowing or by earning and saving. The value of earned and saved capital is explained in connection with its effect on character.

"Character is defined to be the will to do the desirable because it is right and the willingness to do the agreeable because it is wrong, and that character in business is all important. The young men are taught that thinking is an attempt to do at the cause of any thing. If they can think out the reason why someone else is getting more out of their business than they are, they can take a step forward as business men. If they can think out the reason why certain goods are not moving as ex-

## NEWARK'S BIG STORE

# Spring Cloakings

# THE STAR GROCERIES

SIX BIG PURE FOOD CENTERS

drivers 46 cents was passed under suspension of rules. A resolution was adopted authorizing the sale of a Ford runabout belonging to the city. President Scott urged all the members to go to the court house in June when the budget is made out and thus by a concerted action get the funds necessary to run the city. Councilman Gearhart passed cigars to the councilmen and people present at the meeting. The cigars were the gift of J. R. Fitzgibbon. The cigars remaining in the box were ordered locked in the safe till the next meeting.

REVIVAL MEETINGS CONTINUE. A deep feeling of interest is being manifested in the evangelistic campaign now in progress at the East Main Street Methodist church. The pastor, Rev. J. Emory Walter, will preach tonight and Wednesday evening at 7:30 o'clock. There will be an important meeting of all Sunday school workers after the service on Wednesday evening. Strangers are always most cordially welcomed.

## OIL AND GAS NOTES

OFFERS PREFERRED STOCK. Herman G. Dawes, president of the Ohio Cities Gas Co., has announced that the issue of 1 per cent convertible preferred stock in the sum of \$10,000,000 is to be offered not only to the stockholders of the Ohio Cities Gas Co., but also to the stockholders of the Oklahoma Producers & Refiners Co. Variety may still continue to be the spice of life, but the clove has been pretty well eliminated.

## LESSONS IN OPTOMETRY

Question: Is presbyopia, or old sight, difficult to diagnose or correct?  
Answer: No, it is extremely simple.  
Question: Is it a common ailment of old age?  
Answer: No, a person's eye may be normal up to middle age and no glasses may be needed until presbyopia renders them necessary.  
Question: Should presbyopia be corrected with glasses?  
Answer: They should be corrected with extra care.  
Question: Great changes have taken place, have they not, in Optometry in recent years.  
Answer: Yes, important changes and advances have taken place, and are still going on.  
Question: In what particulars?  
Answer: Optometry is being recognized more and more as a profession and the studies which a person must master before he can become an Optometrist are being increased in number and enlarged in scope.

This Is Lesson Eleven. Look For Lesson Twelve Next Tuesday.

THE LICKING COUNTY ASSOCIATION OF OPTOMETRISTS.
